

## 2006 Statistics Canada Census for the City of Hamilton

The City of Hamilton experienced a positive growth rate of 2.91% in 2006 from 2001, somewhat lower, in comparison to the Ontario's growth rate of 6.6%, which exceeded that of the Canada's national average growth rate of 5.4%.

Both the communities of Glanbrook and Ancaster showed a significant percentage population change for a combined increase in total population of some 8,895 individuals. Generally, all Communities contributed to the growth of the City with the exception of the community of Hamilton showing a slight decline in its overall population but remaining consistent at 329,820.

The percentage of unit change for the City of Hamilton averaged 5.55%, with Glanbrook leading in proportional dwelling unit change since 2001.
