Forward

The Hamilton Nutrition Committee (HNC) and City of Hamilton Public Health Services are pleased to provide you with the **2010 Directory of Reliable Nutrition Professionals in Hamilton**.

This directory is a composite of contact information for nutrition professionals in Hamilton as submitted to the Hamilton Nutrition Committee from January to March, 2010.

This reference is designed to help you locate appropriate and credible nutrition services for your clients and patients. This directory lists names and contact information for Registered Dietitians and Home Economists working for an agency or operating a private practice serving the Hamilton area.

This listing is not intended as a distribution list nor a list of endorsements for nutrition services offered by each of the professionals or the affiliate workplaces listed.

Directory Available at:

www.hamilton.ca/nutrition

www.doitwell.ca

Who Are Registered Dietitians?

All Registered Dietitians listed in the **Directory of Reliable Nutrition Professionals in Hamilton** are registered with the College of Dietitians of Ontario. By law, only individuals who are registered with the College of Dietitians of Ontario can practice in the province using the titles 'Dietitian', 'Registered Dietitian', and the abbreviation 'RD'.

The *Regulated Health Professions Act* and the *Dietetics Act*, set out the responsibilities, powers and procedures related to the regulations of dietitians. Enforceable standards for the professional scope of practice, academic and training requirements, ethics, professional conduct, and continuing competence must be achieved in order to practice as a Dietitian in the province of Ontario.

The academic standards for dietitians include an accredited 4-year undergraduate degree or equivalent degree with appropriate courses in science and human nutrition, an accredited dietetic internship or equivalent supervised practical training; and, successful completion of the Canadian Dietetic Registration Examination.

Other people may provide nutrition advice. However, only Registered Dietitians are held accountable by the College of Dietitians of Ontario for their conduct, their care and nutrition advice they provide.

For more information regarding the Registered Dietitian visit the College of Dietitians of Ontario www.cdo.on.ca or Dietitians of Canada www.dietitians.ca.

Who are Professional Home Economists?

Professional Home Economists have earned a degree in Home Economics or a related field of study, including Human Ecology, Family Studies, Foods and Nutrition, and Consumer Behaviour. Professional Home Economists apply their skills, knowledge and experience to deliver informed, creative solutions. Regardless of their specialization, Professional Home Economists are a trusted source of professional services.

Through professional registration, the general public and employers are protected by the high standards with which Professional Home Economists are legally regulated and bound to uphold. The designation "PHEc" follows the name of professionals who have been granted right to the title. More information about Professional Home Economists can be found on the Ontario Home Economics Association website: www.ohea.ca

To find a professional not listed in this Directory:

Refer to the **Dietitians of Canada** website: www.dietitians.ca
Click on "Find a Dietitian" to locate an up-to-date Private Practice Registered Dietitian by area/location or clinical specialization.

Search the **Ontario Home Economics Association** website: www.ohea.ca

Or visit **EatRight Ontario** by phone or website to speak to a Registered Dietitian.

Questions on Healthy Eating?

Call toll free to speak to a Registered Dietitian!

Open 9 am to 5 pm (ET).

Monday through Friday.

Available to all residents of Ontario.

Eating right is an important part to living a healthy, active life. At EatRight Ontario you can discover great information and advice on healthy eating and nutrition. Got a question? Ask a Registered Dietitian. You'll also find useful nutrition tips, tools and resources to help you eat right and be healthy.

EatRight Ontario has been designed to help you improve your health and quality of life through healthy, nutritious eating. This service provides easy-to-use nutrition information to help make healthier food choices easier.

EatRight Ontario is your first stop for trusted information and advice on nutrition and healthy eating.

Registered Dietitians provide EatRight Ontario website visitors with feature articles on nutrition and health, recipes, healthy eating tips and meal planning advice. We cover a varied range of relevant and interesting topics that will be updated and expanded on a regular basis. These include Family Nutrition, Healthy Eating, Healthy Weights, Seniors' Nutrition and Disease Prevention.

The interactive Ask a Dietitian feature enables you to ask nutrition-related questions and receive feedback from a Registered Dietitian. Nutrition tools and links offer many additional resources to support you in developing healthy eating habits for you and your family.
