

James, Cannon, MacNab and Vine Redevelopment Study
 Option 1
ASIAN VILLAGE

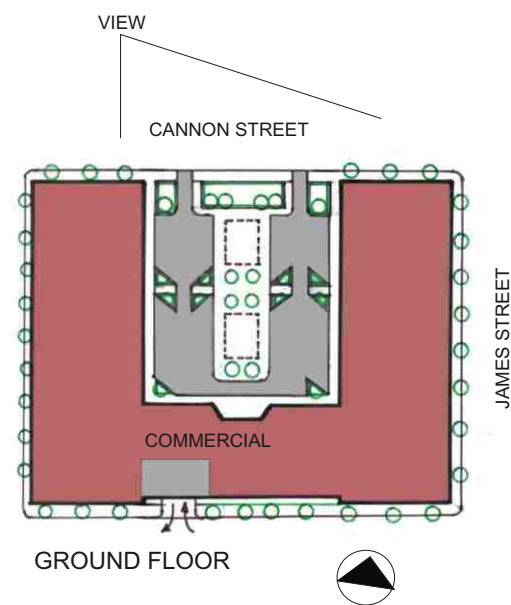

VIEW FROM CANNON STREET

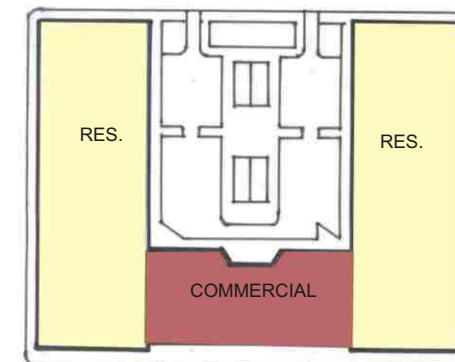

AXONOMETRIC

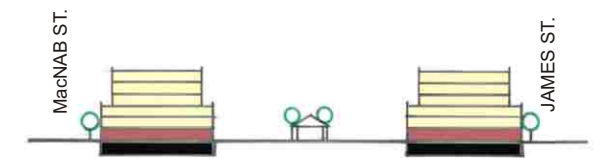

FEATURES:
 The project includes 80,000 sq ft of new at grade commercial/retail space and 225,000 sq ft of new residential space above. It is organized around a courtyard facing Cannon Street that accommodates angled parking and market stalls. The building is designed with a 3 storey podium that incorporates existing heritage buildings. The upper 3 storeys are set back from the podium edge to maximize natural light at street level.
