Hamilton

PHN Hannah

Starting Birth Control

- To start birth control, you will have a teaching session with a Public Health Nurse
- You *do* need an appointment to see a doctor or nurse practitioner to prescribe more birth control packs and have a Pap test

STI Testing

- Males are tested for chlamydia and gonorrhoea by urine sample
- Females have samples taken from the vagina or by a urine test

STD Testing

- Genital herpes can be checked by testing a new blister
- We offer blood tests for HIV, syphilis and hepatitis as part of your STI check up

Anonymous HIV Testing

- You can get tested at this clinic for HIV *anonymously*
- You will be given a code number—your name is not used

Hamilton

Test Results

- Return to clinic in 2 weeks for your results
- You will be asked how we may reach you confidentially *only* if you do not return for your results
