DELEGATION FOR PUBLIC COMMITTEE MEETING

Dear Ida,

My name is Hamed Topalovic, I am a president of Bosnian Islamic Centre of Hamilton. Our community house is located at 202 Barton Street E Stoney Creek. We operate as a charity organization to help our youth to stay away from street, bars and all bad habits. Also we serve adults and elderly in all their needs, social works etc. We do have a P.O. Box to communicate with all government departments, banks, post office etc. We are aware about our responsibility to clean the snow from sidewalk in front of our property, but we did not use outside box to communicate with any one. On Dec. 20th 2005 we received notification of snow clearing charges on \$253.22. Since we did not use outside box, we could not see reminder for snow removal. We do also hire professionals with bob cat machine to clean the snow, so we did not expect any problems regarding snow removal. Could you please give us chance to explain this on public work committee meeting since \$253.22 is overload for our low budget.

Sincerely,
Hamed Topalovic
President of BIC of Hamilton
