Pre-Application Community Consultation Event – May 18, 2023

Pier 8 - Greenway Rezoning

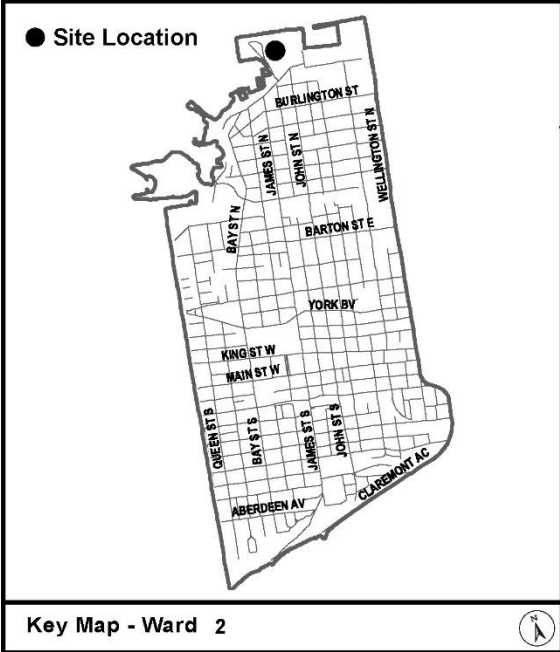

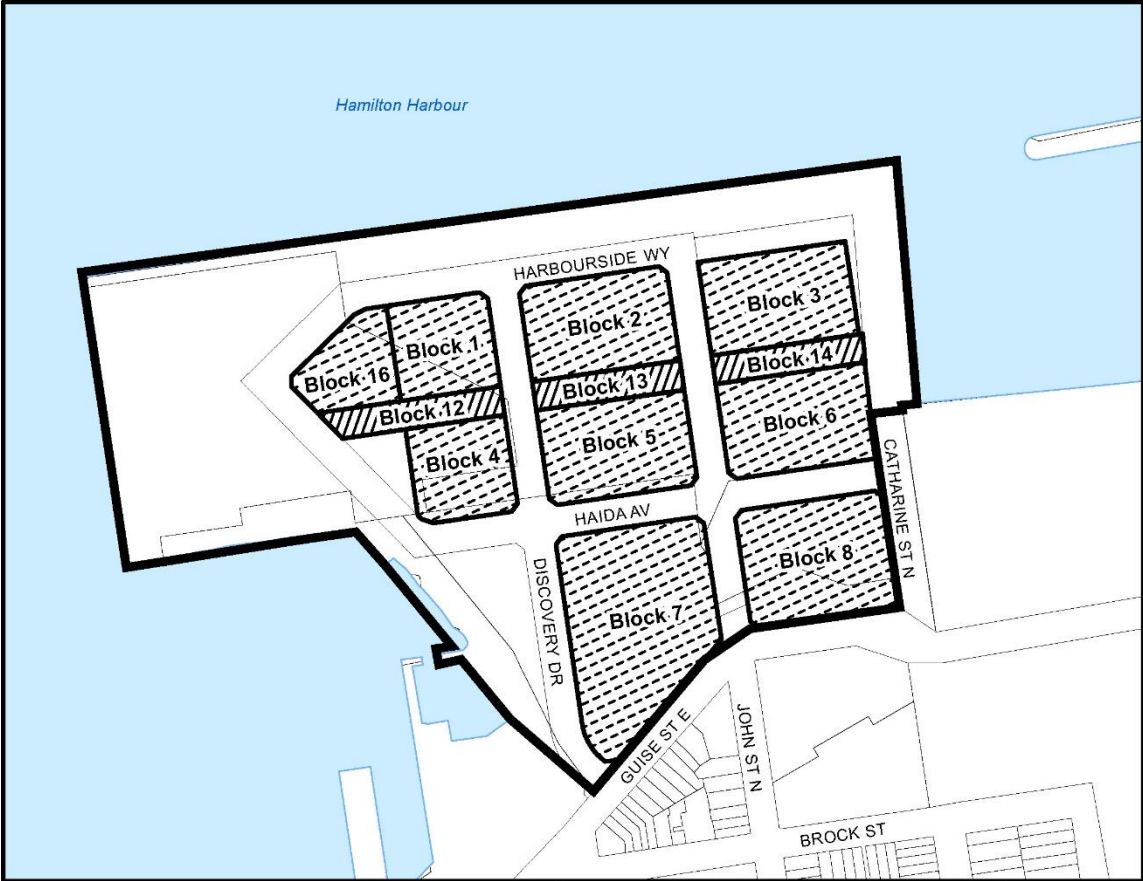

An Application for a Zoning By-law Amendment is proposed that would permit the below grade portion of the “Greenway” to be used for underground parking and below grade connectivity of the adjoining development blocks (refer to attached Location Map). The surface portion of the Greenway will be retained as an east-west pedestrian corridor within the Pier 8 development blocks. A Complete Application will shortly be submitted to the City of Hamilton Planning Division by the Municipal Land Development Office. Comments received by the public will be considered in the preparation of the supporting materials and for the information of municipal Planning staff who will be processing the Zone Change.
