OTHER INFRASTRUCTURE

- Raised Bus Stop**
Allows people to board the bus from the bike lane. People on bikes must yield to people on foot.
- Contraflow Bike Lane**
Allows bikes to travel in two directions on a street which is one-way for motor vehicles.
- Wayfinding Pavement Marking**
Helps people navigate bike routes. The marking show where people riding bikes should position themselves.

Everyone Rides Initiative

The Everyone Rides Initiative is bike share's equity program. Access subsidized pass options, utilize Adaptive Bike Hubs, participate in workshops and more by visiting everyonerides.org

GETTING AROUND

Hamilton Street Railway
hamilton.ca/HSR

All HSR buses have a bike rack that can hold two bikes. Load your bike in three easy steps:

- Squeeze handle upward to lower the rack
- Lift your bike onto the open rack closest to the bus driver
- Turn the crank to hold the front wheel

Mountain Climber
hamilton.ca/MountainClimber

Mountain Climber service is offered free of charge to help you get up and down the mountain. Look for the yellow mountain climber signs!

GO Transit
gotransit.com | 1-888-GET ON GO (438-6646)

Bicycles and traditional e-bikes can travel on all GO transit buses and on trains outside peak hours. Look for the bike symbol to know which door you can enter. There is secure bike parking at Hamilton GO and Burlington GO.

Hamilton Bike Share

hamiltonbikeshare.ca | 289-768-BIKE (3453)

Hamilton's public bike share system with hundreds of bikes available 24/7. Sign up on the SoBi app. Pick a plan. Unlock and ride!

How does it work?

- STEP 1** Download the free Social Bicycles (SoBi) app and log into your Hamilton Bike Share account or sign up for a plan.
- STEP 2** Scan the QR code on the back of the bike using the app.
- STEP 3** The bike will unlock. Remove the u-bar and place it in the holster. Enjoy your ride!

RIDING SAFETY

- Bikes are regulated as vehicles in the Highway Traffic Act, and must obey all traffic laws, signs and signals when operating on the roadway.
- Use a bell or horn to alert people of your presence, particularly when passing on trails. Bikes must be equipped with a bell or horn by law.
- Yield to pedestrians, on trails and on roadways.
- Ebikes are currently not able to operate in parks or on park paths.
- Watch out for parked cars, doors may open suddenly.

SIDEWALKS ARE FOR PEDESTRIANS

Bicycles and e-scooters must be operated in bike lanes, on multi-use paths or on roadways. Sidewalks are reserved for people walking, including those using mobility devices such as wheelchairs.

HELMET FITTING

All riders under the age of 18 are required to wear an approved bike helmet. Wearing a helmet properly can reduce the chance of head injury.

- Two fingers distance above the eyebrows
- Straps form a v-shape under the ears
- One finger space between strap and chin

HAND SIGNALS

Before switching lanes or turning, do a shoulder check for traffic, signal your intention, and check once more before proceeding.

Stop Left Right (two options)
