Play Court Maintenance Program

The City's inventory of approximately 165 play courts, which includes, public tennis courts, multi-purpose/basketball courts and pickleball courts, receive pre/post and regular in season inspection and maintenance services. Pre/post season works include inspection, repair, and asset condition reporting by staff. "In season" inspection and regular maintenance activities such as ground litter, debris, garbage collection and graffiti removal are performed in accordance with the operating season noted below:

Court Facility Type	Season of Operation
Tennis	Early May - Last Week of October
Multi-Purpose	Year-round weather permitting
Basketball	Year-round weather permitting
Pickleball	Early May - Last Week of October

An initial/annual detailed inspection of all these assets is undertaken in early spring by maintenance inspection staff. The reports generated from these inspections identify and determine priorities such as remedial repairs, and/or major court improvement requirements.
