REVIEW

OF
THE

**Environmental Remediation and
Site Enhancement (ERASE)
Community Improvement Plan
& Related Financial Assistance Programs**

**VIRTUAL PUBLIC WORKSHOP
NOVEMBER 22, 2022**

AGENDA

An aerial night photograph of a city, likely Hamilton, showing a multi-lane highway with significant light trails from traffic. The city lights and buildings are visible in the background under a dark sky.

- Staff Introductions
- Presentation
- Breakout Group Discussions
- Report Back to Group
- Concluding Remarks

Please be aware that this meeting is being recorded for future staff reference and to make available on the Engage Hamilton project page

BACKGROUND

Brownfields and the ERASE CIP

WHAT'S A BROWNFIELD?

“...means undeveloped or previously developed properties that may be contaminated. They are usually, but not exclusively, former industrial or commercial properties that may be underutilized, derelict or vacant”

(Provincial Policy Statement, 2020)

HAMILTON

INVEST
IN HAMILTON

CIPs and CIPAs

- Ontario municipalities may only offer financial incentives to private landowners of lands subject to a CIP.
- CIPs are policy documents, authorized under the *Planning Act*, through which municipalities establish:
 - The desired 'community improvement' to be achieved
 - how the desired community improvement aligns/ supports municipal and provincial policies
 - The means to achieve the desired improvement (e.g. financial incentive programs, strategic directions)
 - The purpose and scope of any financial incentive/assistance programs
- The geographic area in which the CIP and programs apply (CIPA) is established through a separate By-law

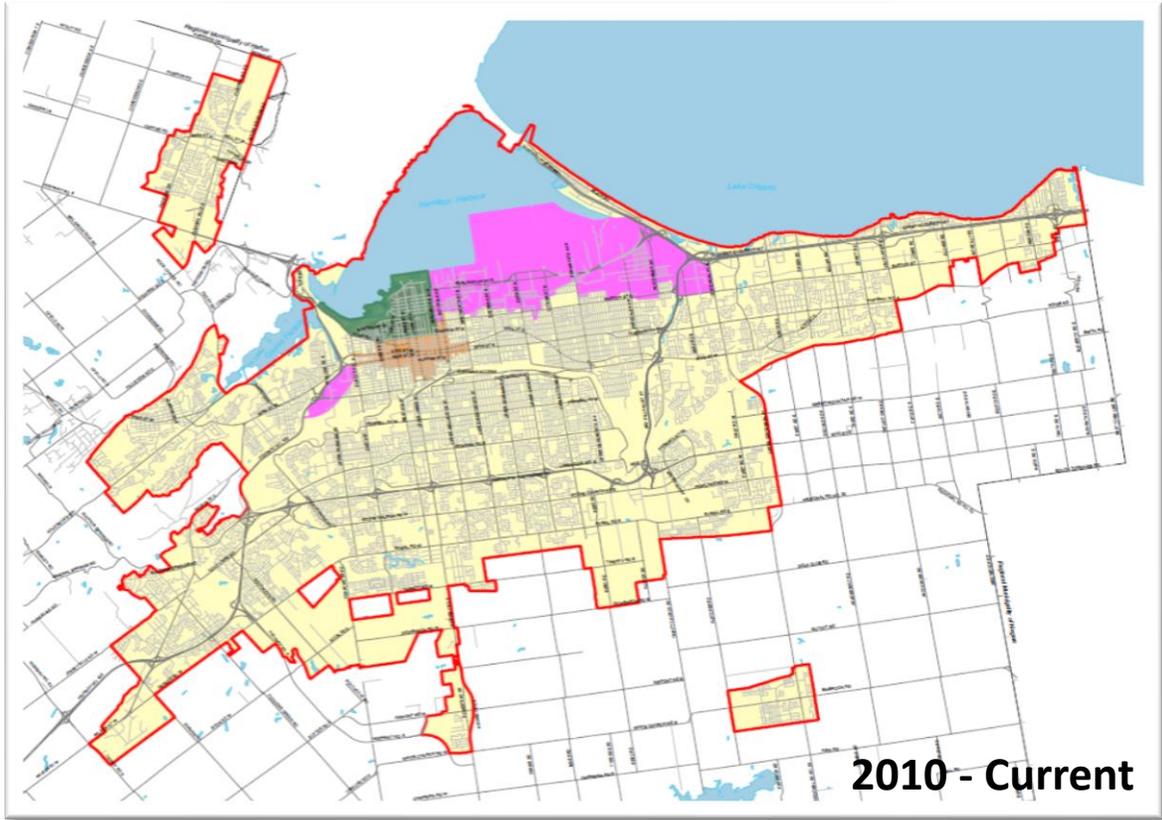

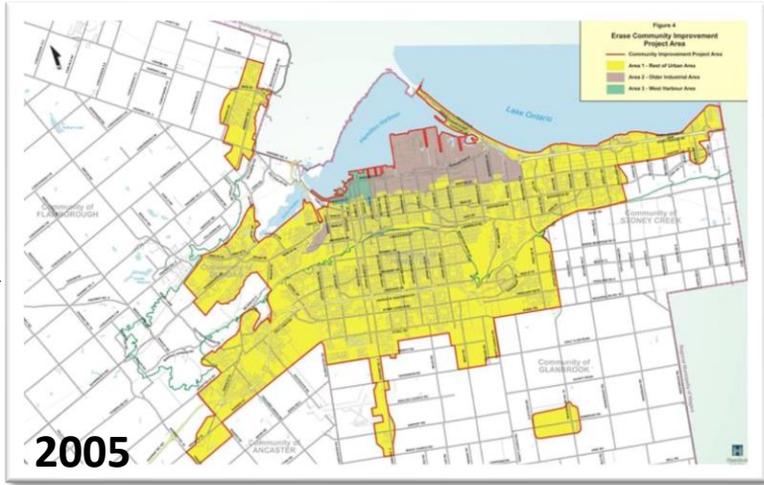

ERASE CIP PURPOSE + GOALS

- ERASE CIP first introduced in 2001 to provide a comprehensive strategic framework to support the remediation and redevelopment of brownfields
- Goals of the ERASE CIP include:
 - Supporting urban area revitalization through redevelopment of under-utilized/blighted properties with productive land uses;
 - Reducing urban sprawl and related costs
 - Growing assessment and municipal taxes
 - Supporting new housing and employment opportunities

PLAN AREA

ELIGIBLE COSTS BY AREA

AREA 1 Urban Area

- Investigation/Remediation of Contamination (+ LEED Environmental Certification)
- DSHM Surveys and Abatement/Removal (current/closed institutional and/or designated heritage buildings only)

AREA 2 Older Industrial Areas (Bayfront Industrial /Frid St.)	AREA 3 West Harbour	AREA 4 Downtown CIPA
+ Infrastructure removal/upgrade (25% max) + Industrial/office reuse feasibility studies + DSHM Surveys and abatement/removal + Demo cost + Relocation/removal of industrial facilities	+ Remediation loan program + Infrastructure removal/upgrade (25% max) + Demo costs + Relocation/removal of industrial facilities	+ Remediation loan program

ASSISTANCE PROGRAMS

ERASE Study Grant (ESG) Program

ERASE Redevelopment Grant (ERG) Program

+

Development Charge Reduction (DCR) Program

Downtown/
West Harbour
Remediation
Loan Program
(RLP)

ERASE Tax
Assistance
Program (TAP)

Municipal
Acquisition and
Pilot Program
(MAPP)

ERASE Study
Grant (ESG)
Program

Cost-sharing program for environmental studies to investigate site contamination. Grant equal to 50% of study cost to a max. of \$20K. Two studies permitted per site to a combined max. of \$35K.

ERASE
Redevelopment
Grant (ERG)
Program

Tax increment-based grant with annual payments equal to 80% of municipal tax uplift provided annually for a max. of 10 years or until eligible remediation costs have been recovered, whichever comes first.

+

Development
Charge
Reduction
(DCR) Program

Defers payable DCs equal to maximum approved ERG grant amount at 0% interest until ERG grant payments begin.

Downtown/
West Harbour
Remediation
Loan Program
(RLP)

0% interest loan for remediation costs to a max. of 80% of remediation costs or \$400K.

ERASE Tax
Assistance
Program (TAP)

Freezes municipal taxes during the rehabilitation/ redevelopment period for up to three years. Works in conjunction with the Province's BFTIP (Brownfield Financial Tax Incentive Program) which freezes the education portion of property taxes for the same period.

Municipal
Acquisition and
Pilot Program
(MAPP)

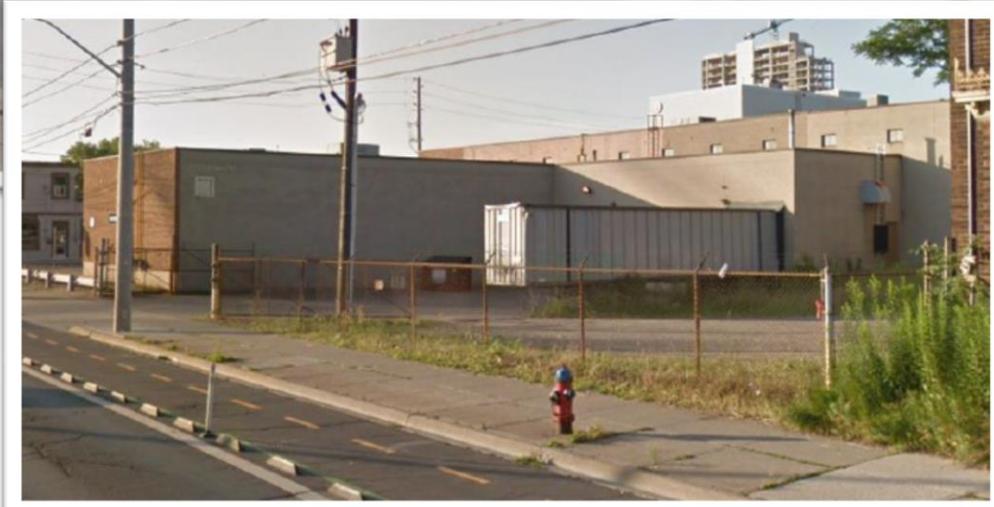

Funds pilot projects and strategic brownfield acquisitions using the Brownfield Pilot Project Fund which receives the remaining 20% of realized municipal tax uplift from approved ERG applications.

**SUCCESSES:
212 King
William St.**

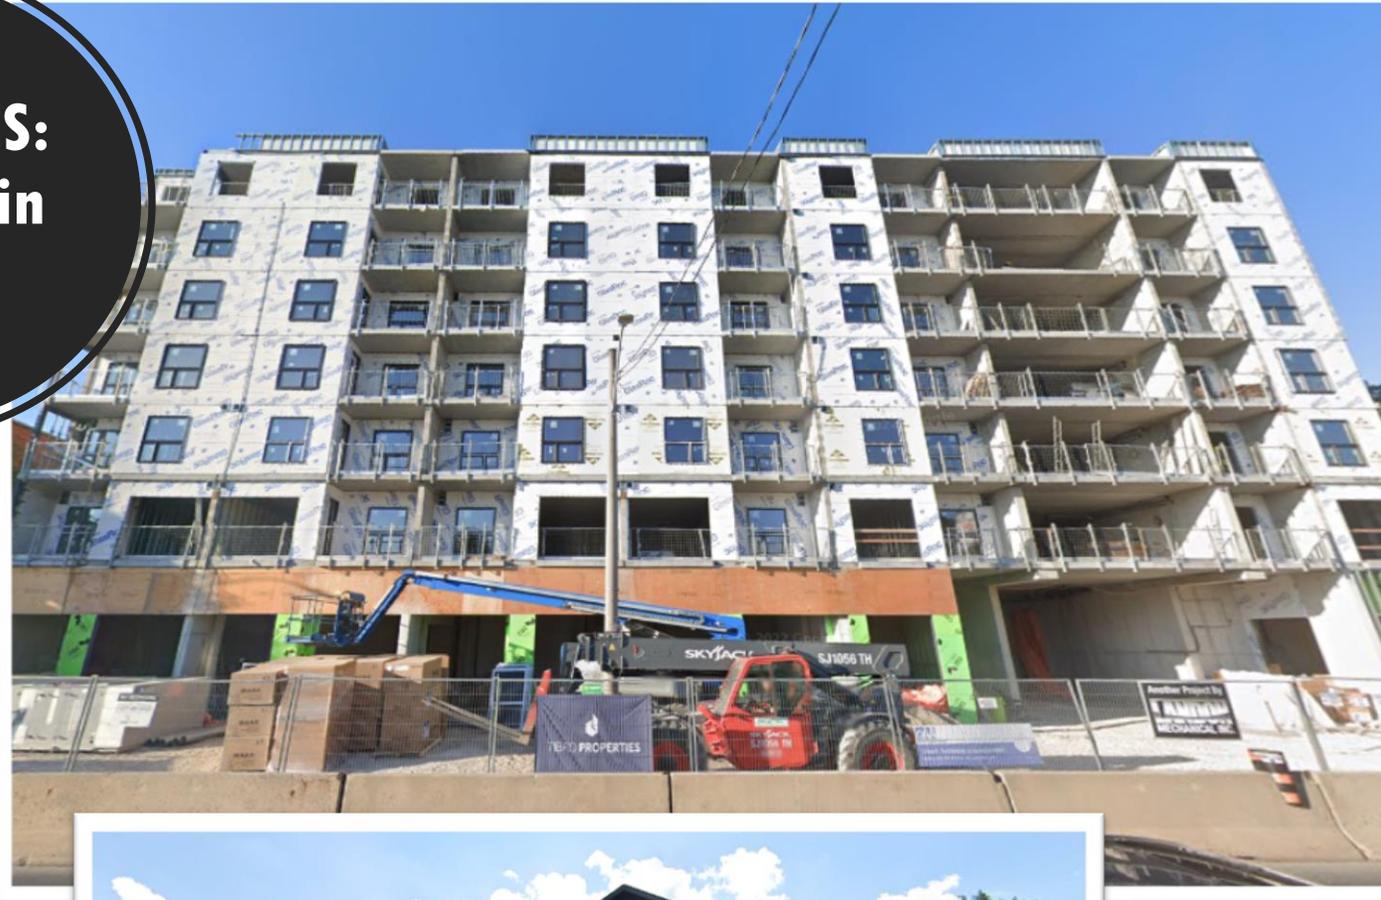

- Approved for ERASE Study and Redevelopment Program Grants
- Former uses: parking lot, warehouse, manufacturing, various commercial
- Est. \$4.8M in remediation costs
- 14 storey building
- 266 residential units
- Tax Uplift: Est. \$1.2M/annually

**SUCCESSES:
107
MacNab St.
N.**

- Approved for ERASE Study and Redevelopment Program Grants
- Former area uses: gas station, auto wreckers,
- Est. \$735K in remediation costs
- New manufacturing facility for Coppley mensware
- 6,800 sq. m. new floor area
- Tax Uplift: Est. \$360K/annually

**SUCCESSES:
1160 Main
St. E.**

- Approved for ERASE Study and Redevelopment Program Grants
- Former uses: auto repair with underground tanks
- Est. \$1.3M in remediation costs
- 7 storey mixed use building
- 75 rental units
- Tax Uplift: Est. \$135K/annually

ERASE CIP REVIEW:
Scope and Best Practices

ERASE CIP REVIEWS

- The City periodically reviews all CIPs and Programs.
- ERASE CIP has been comprehensively reviewed and updated in 2005, 2010, 2018.
- Key 2018 changes included:
 - Adding Designated Substances and Hazardous Materials (DSHM) survey and abatement/removal costs for:
 - current/closed institutional buildings
 - designated heritage buildings
 - sites in Area 2 – Older Industrial Area
 - Increased maximum City contribution from \$25K to \$35K for two environmental studies per site/project.
 - Decreasing Remediation Loan Program's interest rate from prime minus 1% to 0%

**GOAL OF
THIS
REVIEW**

Identify any program updates which may be needed to...

- Ensure financial assistance programs reflect market needs and are effective and meaningful towards encourage the investigation, remediation and redevelopment of contaminated properties
- Ensure programs are meeting the intended goals and objectives established in the CIP
- Ensure programs are financially sustainable for the City
- Ensure programs align with new/emerging community and Council priorities

SCOPE OF REVIEW

In Scope... 	Not In Scope... 
<p>Creation of new programs</p> <p>Modifying the focus or intent of a program (provided it continues to be for remediation purposes)</p> <p>Adding and/or removing specific improvements (eligible costs) which can be the subject of a grant</p> <p>Increasing or decreasing the maximum potential grant available under a program</p> <p>Modifying Community Improvement Project Area</p> <p>No changes to a program</p>	<p>Incentives offered under other City Community Improvement Plans including the <u>Revitalizing Hamilton's Commercial Districts CIP</u> or <u>Hamilton LEEDING the Way CIP</u>.</p> <p>Reductions/exemptions of Development Charges (DC) such as those provided in the Downtown. (governed by the City's DC By-law).</p> <p>Changes that would require additional funding allocation by Council.</p>

BEST PRACTICES

- Compared ERASE to other Southern Ontario cities (Brantford, Burlington, Guelph, London, Oakville, Oshawa, St. Catharine's, Toronto, Region of Waterloo)
- All had brownfield study and tax grant programs
- 4 of 10 municipalities (Guelph, London, Region of Waterloo (ending July 2024) and Windsor) offer DC reduction/deferrals
- 4 of 10 cities provide increased/longer term tax grants based on meeting priorities
 - environmental sustainability (Burlington, Oakville, Windsor)
 - employment density (Burlington, Oakville)
 - geographic priority development area (Oakville)
 - affordable housing (Oakville, St. Catharine's)
- Most tax grant programs are 10 years/80% (Burlington (6-12 years), Oakville (8-12 years) and Toronto (3 years))

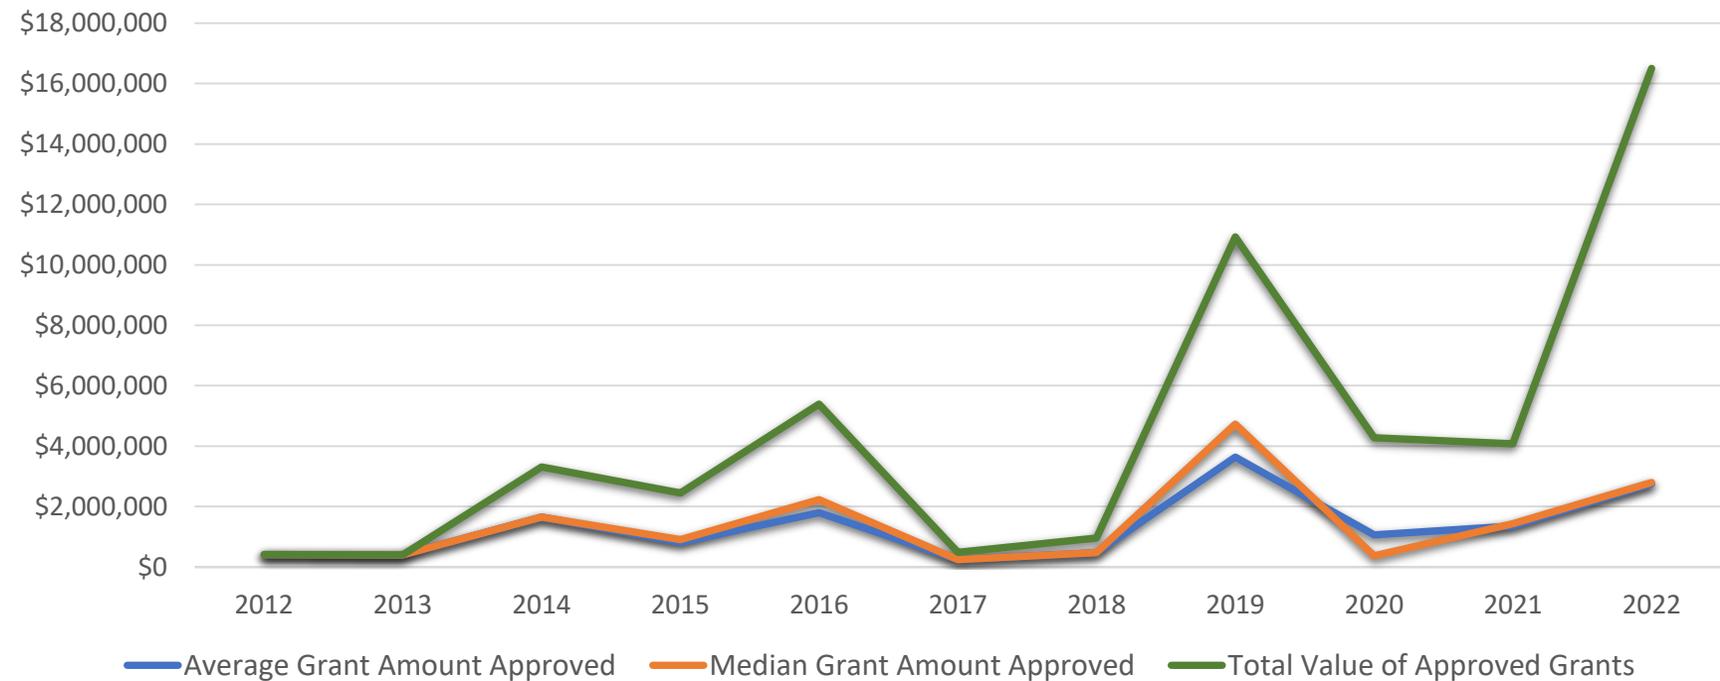

ERASE CIP REVIEW:
Emerging Issues and Considerations

FINANCIAL SUSTAINABILITY

REMEDIATION COSTS APPEAR TO BE RISING...

ERG Program Grant Approvals (2012-2022)

HOUSING AFFORDABILITY

BETTER SUPPORT FOR NON-PROFIT, AFFORDABLE HOUSING DEVELOPMENT ON BROWNFIELDS...

ERASE assistance programs available to non-tax paying, non-profit housing providers:

ERASE Study Grant (ESG) Program

ERASE Redevelopment Grant (ERG) Program

Downtown/ West Harbour Remediation Loan Program (RLP)

ERASE Tax Assistance Program (TAP)

REMEDICATION LOAN PROGRAM

ADDRESS UNDERPERFORMING PROGRAMS...

Financial Incentive Program	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021
ERASE Study Grant	14	14	15	17	12	21	23	18	26	23	12
ERASE Redevelopment Grant	3	4	3	4	7	2	4	8	7	8	5
Hamilton Downtown/West Harbourfront Remediation Loan Program	0	2	0	1	0	0	0	0	0	0	0

ERASE CIP REVIEW:
Breakout Group Discussion

DISCUSSION QUESTIONS

1. Should promoting and supporting the remediation and redevelopment of brownfields financially continue to be a priority for the City?
2. Do you believe that developments receiving financial assistance through ERASE should be required to address additional community priorities?
3. Staff are considering establishing a per project dollar cap on tax grants. Are there areas of the city or types of developments/uses where a cap should not be applied?
4. Are there remediation-related costs that should be added/removed from eligibility under the programs?
5. How could the City better support remediation and redevelopment of potentially contaminated commercial properties like current/former gas stations, dry cleaners etc.?
6. The Remediation Loan Program has not been well utilized. Why? What changes could be made to make it more useful?

ERASE CIP REVIEW:
Project Timeline

REVIEW TIMELINE

WE ARE HERE →

WILL INCLUDE A
PUBLIC MEETING →

Review Start

Start of Review - October 2022

Engagement

Public and Stakeholder Engagement -
October to December 2022

Development

Staff Development of Proposed Changes -
November 2022 to February 2023

Recommendations

Recommendation to City Council of Changes
to the ERASE CIP and Associated Financial
Assistance Programs - Q1 2023

Implementation

Updated ERASE CIP and Associated
Financial Assistance Programs Come Into
Effect - Q2 2023

*dates are subject to change
