**Stage 2 Archaeological Assessment - Upper West Side
Landowners Group, Hamilton**

To whom it may concern:

This letter is to confirm that Parslow Heritage Consultancy (PHC Inc.) has been engaged by the Upper West Side Landowners Group via Corbett Land Strategies to undertake the Stage 2 archaeological assessment of the Upper West Side lands which are encompassed in the Secondary Plan application. To date this work has included: peer review of previously completed Stage 1 and partial Stage 2 reports completed by AMICK and ASI, as well as Indigenous engagement with Mississaugas of the Credit Department of Accommodation and Consultation, Six Nations of the Grand River Lands & Resources, and the Haudenosaunee Research Institute.

Due to unforeseen delays in getting engagement agreements signed and in crop removal from agricultural fields the Stage 2 fieldwork is now scheduled for Spring 2024 as soon as field conditions permit.

Sincerely,

A handwritten signature in black ink that reads 'Adam Long'. The signature is written in a cursive style with a horizontal line underneath the name.

Adam Long, MSc (P1153)
Senior Archaeologist and Project Manager
Parslow Heritage Consultancy
