

COMMUNICATION UPDATE

TO:	Mayor and Members City Council
DATE:	May 22, 2025
SUBJECT:	Maintenance on the Lincoln M. Alexander Parkway (TRANS2502(a)) (City Wide)
WARD(S) AFFECTED:	City Wide
SUBMITTED BY:	Carolyn Ryall Director, Transportation Division Public Works Department
SIGNATURE:	

This Communication Update is to inform the Mayor and Members of Council that the annual general maintenance and asphalt repairs on the Lincoln M. Alexander Parkway scheduled for this coming weekend (May 23 – 26, 2025) will be postponed to next weekend (May 30 – June 2, 2025).

The postponement is due to forecasted weekend weather conditions to prioritize safety. Additionally, the Ministry of Transportation (MTO) will be closing two lanes of the Queen Elizabeth Way (QEW) Niagara-bound at the Burlington Skyway during the same time, May 23 to May 26, for maintenance work. Rescheduling the Lincoln M. Alexander repairs will help reduce traffic disruptions and minimize the impact on motorists and the community.

As initially communicated, planned maintenance activities will include localized asphalt repairs, mill-and-pave resurfacing in designated sections, catch basin cleaning, bridge maintenance, graffiti removal, ditching, vegetation control, pavement marking, and signage repairs.

To facilitate the scope of work and uphold health and safety standards, both eastbound and westbound lanes of the Lincoln M. Alexander Parkway will be fully closed from Friday, May 30, 2025, through to Monday, June 2, 2025.
