Re: Limeridge Road - Roadway Safety Improvements

Dear Ward 6 and 7 Residents,

We are excited to inform you about an upcoming cycling related infrastructure project coming to your neighbourhood.

This project proposes a one-sided two-way cycle track along the south side of Limeridge Road between Upper Wentworth Street and Upper Kenilworth Avenue. A Multi-Use Path (MUP) is also proposed along the north side of Limeridge Road between Upper Kenilworth Avenue and the Escarpment Rail Trail. There is a future planned connection from the Escarpment Rail to Mountain Brow Boulevard, which will complete this east-west connection.

Figure 1 - Limeridge Road Area Map

What type of cycling infrastructure is being purposed in my neighbourhood?

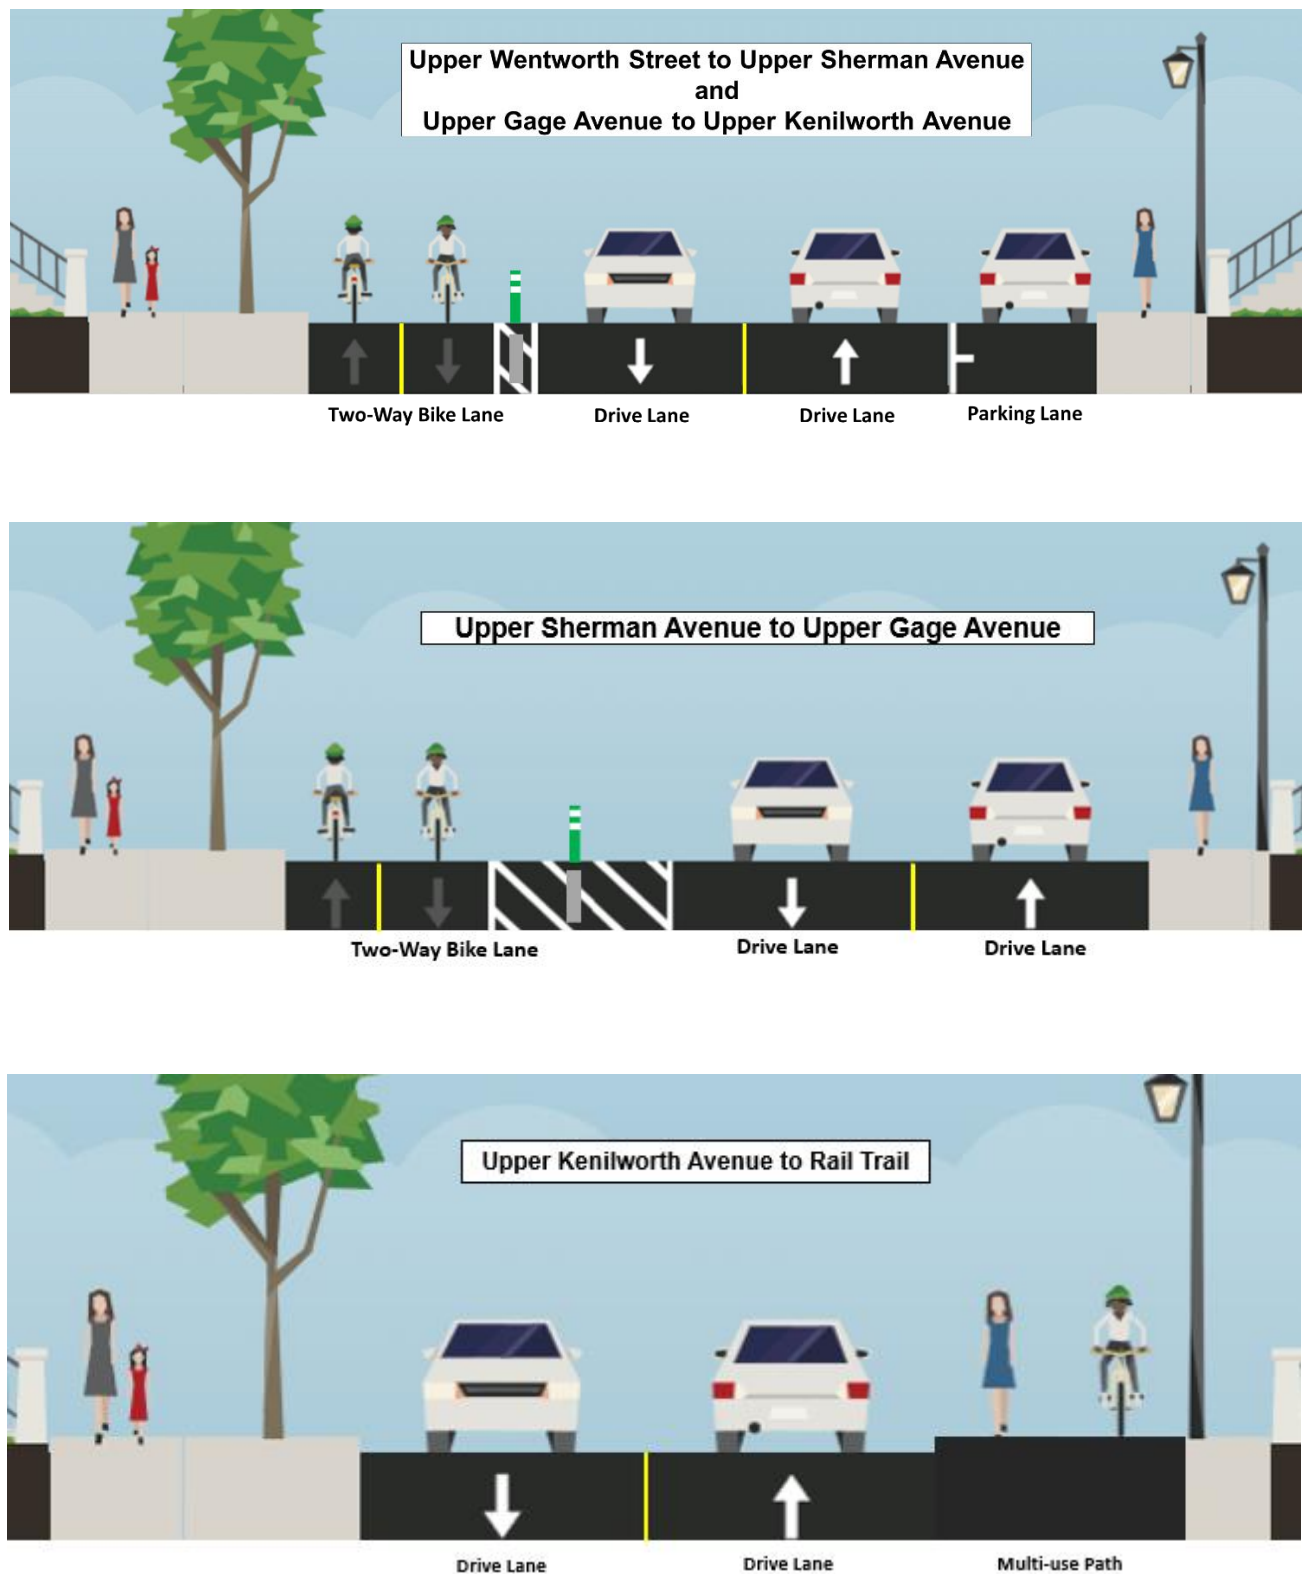

- 3.0m one-sided two-way cycle track with a buffered area consisting of flex posts and pre-cast concrete curbs.
- 2.5m to 3.0m multi-use path
- Intersection improvements at Upper Sherman Avenue and Upper Ottawa Street including bicycle signal heads, pavement markings and signage

Will this impact on-street parking in my neighbourhood?

This project is proposing to consolidate all on-street parking to the north side, with no permitted on-street parking on the south side of Limeridge Road from Upper Wentworth Street to Upper Sherman Avenue and Upper Gage Avenue to Upper Kenilworth Avenue. The section between Upper Sherman Avenue and Upper Gage Avenue will see no change to existing parking restrictions.

Figure 2 - Limeridge Road Proposed Lane Arrangement

Does this type of infrastructure exist in other neighbourhoods?

Below you will find precedent images of similar existing cycling infrastructure within the City of Hamilton.

Emerson Street, Ward 1
Two-Way Cycle Track

Cootes Drive, Ward 13
Multi-Use Path

As part of this project, the City of Hamilton is currently conducting community consultation to gather your feedback, which will help inform the design.

We Want to Hear From You!

Your input is crucial to ensuring this project meets the needs of the community. Please take a moment to share your thoughts and feedback through our online consultation portal by **Thursday June 19, 2025**. You can provide your comments and suggestions following this link: www.hamilton.ca/atfeedback OR via the QR Code provided below:

Alternatively, please provide feedback by phone or email using the details below. Thank you for your participation, we appreciate your feedback and look forward to working together to improve active transportation in our community. Sincerely,

Evan Nopper, Project Manager, City of Hamilton
