Description

The purpose of this project is to implement a bicycle boulevard along East 24th St between Upper Wentworth St and Concession St. Bicycle Boulevards are implemented on low-volume, low-speed streets, that are designated and designed to make it safer and more comfortable to walk and bike. These streets are shared between bicycles, pedestrians, and motorists and are also referred to as Bicycle Greenways, Neighbourhood Bikeways, On-Street Active Transportation Connections, and/or Slow Streets.
