## Complaints/ Service Request Types

Some locations that are identified through complaint or service request may encompass more than one municipal address, a broad geographical area, a road allowance without a municipal address, or a private property location. As such, these locations are identified using broader categories, including: Private Property, Road Allowances, Bus Shelter, the Chedoke Radial Trail, City Owned Green Space, the Rail Trail, and the Red Hill Valley Trail. From June 16 - June 22, 2025, Municipal Law Enforcement received complaints and service requests about the following specific locations that are identified below.

## Action Tracker

The Action Tracker includes information with respect to the status of new or existing complaints and requests for service that have been received by Licensing and By-law Services during the reporting period from June 16 - June 22, 2025. Occasionally, after a site has been designated by staff as cleared, different individual(s) may move into the same location and erect a new tent. Any time new tents are discovered in an area that has been previously cleared, the process will restart with officers attending to confirm the presence of an encampment and notifying HFSO of an individual that may require support. As such, a site may appear on the tracker more than once. Once a private property owner has been notified of the process, they are responsible for contacting the appropriate enforcement body. Please note that the Action Tracker does not reflect data collected by the Hamilton Police Service.
