Impact Assessment for New Private Waste Disposal Sites

PURPOSE:

This document provides guidance for the preparation of an Impact Assessment for New Private Waste Disposal Sites, which may be required for the submission of an application under the *Planning Act*. All Impact Assessments for New Private Waste Disposal Sites shall follow the guidelines referenced in this document. Expansions of existing private waste facilities shall also follow the guidelines referenced in this document.

An Impact Assessment for New Private Waste Disposal Sites provides information for the standardized approach to applications for new private waste disposal sites, the Ministry of the Environment, Conservation and Parks (MECP) has developed environmental assessment requirements for all waste management projects. The requirements provide for the protection, conservation, and management of Ontario's environment by ensuring that the environmental effects of new waste management projects and/or changes to waste management projects are reviewed appropriately.

PREPARED BY:

Impact Assessments must be prepared by qualified environmental assessment practitioner(s).
