**SUBMISSION REQUIREMENTS
AND APPLICATION FORM
FOR SITE PLAN CONTROL**

A. PROCEDURE FOR APPLICATION FOR APPROVAL OF PLANS AND DRAWINGS PURSUANT TO SECTION 41 OF THE *PLANNING ACT*, R.S.O., 1990

1. APPLICATION FORM¹

Submit application by completing the attached forms, together with the following:

- (a) FIVE (5) copies of a Survey Plan of the site (folded legal size²);
- (b) FIVE (5) copies of site plan (folded legal size²);
- (c) FIVE (5) copies of building elevations (folded legal size²);
- (d) ONE (1) copy of the site plan and building elevations reduced to 11" x 17";
- (e) ONE (1) electronic copy of all plans and drawings (PDF on USB) ;
- (f) ONE (1) electronic copy of all information/reports/documents as outlined in the Formal Consultation Document, if applicable (PDF on USB);
- (g) FIVE (5) copies of the completed application form with signatures;
- (h) ONE (1) electronic copy of the completed application form **without signatures** (PDF on USB);
- (i) Applicable City of Hamilton application fee, and;
- (j) Conservation Authority fee, if applicable.

Note²: All plans must be folded with maximum size of 8 1/2" x 14" (legal size) and in separate sets with the title block visible in the lower right hand corner of the drawing sheet. Plans will not be accepted if this requirement has not been complied with. Rolled up plans will not be accepted.

Note³: Electronic files must be submitted on a USB Flash Drive.

Please use the following naming convention for the electronic files:

- Application.pdf
- Grading_Plan.dpf
- Elevation_Plan.pdf
- Site_Plan.pdf
- Servicing_Plan.pdf
- Landscape_Plan.pdf

All information submitted in support of this application will be considered public information, including any reports, studies, drawings or other documentation submitted by applicant(s), agent(s), consultants(s) or solicitor(s). The City of Hamilton is permitted to make the application and any associated supporting information available to the general public, including posting electronic versions of the application form and associated studies and reports online. The City of Hamilton is also permitted to provide copies of the application and any supporting information to any member of the public or other third party that requests the information.

Note¹: Development in the Ancaster Existing Residential “ER” Zone of Zoning By-law No. 87-57 is subject to Site Plan Control. Please refer to Subsection 9.13 of Site Plan Control By-law No. 15-176.

Where noted in this document, there are separate submission requirements for the Ancaster Existing Residential “ER” Zone, which are detailed in Part A, Section 11 of this document. Additional plan requirements are identified in Part B.

For application form requirements, please refer to Part A, Section 11.

2. FORMAL CONSULTATION

Formal Consultation is a vital part of the planning process. Formal Consultation is required for proposals located within Design Priority areas, as noted in Section 3 below, as well as proposals that in the opinion of the Manager of Development Planning, Heritage and Design, will benefit from Formal Consultation with the City of Hamilton prior to submitting a Site Plan Control application. All other applications are exempt from Formal Consultation unless requested by the applicant.

Formal Consultation Meetings allow staff of the Development Planning, Heritage and Design Section to review a proposed project prior to submitting an application and assist you in providing required information, including:

- Ensuring technical requirements are met such as road widening, encroachments and conservation matters;
- Ensuring that the Design Guidelines are implemented;
- Compliance to the Zoning By-law; and,
- Identifying any other required information and materials.

Please refer to the area map (SCHEDULE “5”) to determine the appropriate team for your area and to arrange an appointment.

If a Formal Consultation Meeting has identified any other information and materials (i.e. specific studies, plans or reports) which are necessary to provide a complete review of the application, this information must be included with the application. The application will not be considered complete until this information has been provided.

3. DESIGN REVIEW PANEL

On August 16, 2013, Hamilton City Council approved the Design Review Panel Pilot Project (DRP). The scope of the DRP is generally limited to complex Zoning By-law Amendments and Site Plan applications in the following Design Priority Areas:

- Downtown Hamilton Secondary Plan Area;
- Areas of Major Change and Corridors of Gradual Change within Setting Sail Secondary Plan Area; and,
- Any other large scale project that has the potential to significantly impact the

physical environment functionally and aesthetically.

Applications subject to the DRP will be identified at the Formal Consultation stage including any additional submission requirements.”

4. APPLICATION FEES

Please refer to the attached schedule of fees.

The fee is required to be submitted with the application or resubmission on the fourth (4th) occasion and for each subsequent resubmission. All fees must be made payable to the City of Hamilton.

A Minor Site Plan Control Application is for detached and semi-detached dwellings. Commercial, industrial and institutional uses (new development and/or revisions to existing development) under 100 square metres may be considered a Minor Site Plan Control Application. However, if during the site plan review stage it is determined that the proposed development requires changes to the approved grading plan or may have off-site impacts, then the application will be “bumped-up” to a Full Application and the additional fee will be required.

Note: Development in the Ancaster Existing Residential “ER” Zone is subject to a separate application criteria, type and fee. Please refer to the schedule of fees.

The Conservation Authorities within the City of Hamilton charge fees for their review of *Planning Act* applications. Once an application is submitted, City of Hamilton staff will advise the proponent if their application requires Conservation Authority review, and if so, which Conservation Authority their project falls within and which fee is applicable. The fee is to be made payable to the appropriate Conservation Authority and submitted to the City of Hamilton upon request. The fee will be forwarded to the Conservation Authority along with the application.

Combined Applications will only be charged at the highest rate. The Conservation Authority reserves the right to request additional fees should the review require a substantially greater level of effort.

For the purposes of determining Conservation Authority Plan Review Fees, the following criteria are used:

An application is considered to be “**Minor**” when no technical studies are required, or only a scoped Environmental Impact Statement is required.

An application is considered to be “**Major**” when technical studies (such as Stormwater Management and Geotechnical) beyond a scoped Environmental Impact Statement are required.

An application is considered to be “Complex” in the following case for quarries, golf courses and applications of a similar nature as well as larger commercial/industrial

applications that are generally over 4.5 hectares in size and technical studies (such as Stormwater Management and Geotechnical) beyond a scoped Environmental Impact Statement are required.

5. PROFESSIONAL STAMP

Plans are required to be prepared and stamped by qualified professionals. Where development includes structures and/or buildings submitted for approval under Site Plan Control, and being consistent with the Ontario Building Code, and the Ontario Architects Act, Building Evaluation Plans must be prepared and stamped by an architect or engineer, except for single detached dwellings and minor projects as determined by the Manager, Development Planning, Heritage and Design, Planning and Economic Development Department.

Where development includes Grading and Landscape Plans submitted for approval under Site Plan Control, the plans must be prepared and stamped by a qualified professional architect, engineer, or landscape architect, except for minor projects determined by the Manager, Development Planning, Heritage and Design, Planning and Economic Development Department.

Plans not fully completed will be returned to the applicant for resubmission. It is the applicant's responsibility to identify any proposed zoning by-law variances.

6. SITE PLAN SECURITIES*

For development proposals approved under Section 41 of the *Planning Act*, the City requires the posting of performance securities, such as a Letter of Credit, to be held against the completion of exterior site development works (ie. Landscaping and Engineering).

There are two alternatives for calculating the amount of the required Letter of Credit:

***Note:** For properties located in the Ancaster Existing Residential "ER" Zone, please refer to Part A, Section 11.

6.1 Detailed Cost Estimates

Complete an itemized cost estimate for 100% of the cost of the exterior works as per the Guides for Estimating Security Requirements for Landscaping and Engineering (see SCHEDULE "1" and "2").

The applicant is to submit the cost estimates for review by the Planning Division. Securities will be required in the amount of 75% of the approved cost of the works.

An example of an Irrevocable Letter of Credit is attached as SCHEDULE "3".

6.2 Lump Sum Payment

The amount of the Letter of Credit is calculated based on the area and street frontage, and the type of land use. The following formulas shall be used for calculating the value of the required Letter of Credit:

For new development, the amount of the letter of credit shall be based on the following, which may or may not represent 75% of the estimated cost of exterior site works, but in no case shall the amount be less than \$71,820.00:

Residential: \$107,730 per hectare + \$1,235 per metre frontage
Industrial: \$35,910 per hectare + \$415 per metre frontage
Institutional: \$43,095 per hectare + \$925 per metre frontage
Commercial: \$105,730 per hectare + \$925 per metre frontage

For additions, alterations or additional buildings on developed sites, the amount of the letter of credit shall be based on the following, which may or may not represent 75% of the total cost of all site development works, but in no case shall the amount be less than \$35,910.00:

Residential: \$54,380 per hectare + \$620 per metre frontage
Industrial: \$18,470 per hectare + \$210 per metre frontage
Institutional: \$21,550 per hectare + \$515 per metre frontage
Commercial: \$54,380 per hectare + \$515 per metre frontage

After satisfactory completion of all exterior site works and receipt of all required certifications, the total amount of the security held by the City shall be released except for landscaping which shall be held until June following the end of the first growing season. Securities can be reduced as the works are completed. For further details relating to Site Plan Securities including Security Reductions Related To On-Site Works, see attached SCHEDULE "6".

7. SITE PLAN AGREEMENT/UNDERTAKING

One original copy of the Site Plan Undertaking must accompany the final Site Plan submission. The undertaking must be signed by the owner and where the owner is a corporation, must be signed by the authorized signing officer(s) and the corporate seal affixed. The names of the persons signing must also be typed or printed below the signature line. The Site Plan Undertaking Format is attached as SCHEDULE "4".

At the discretion of the Manager, Development Planning, the owner may be required to register a Site Plan Agreement on title.

8. SITE PLAN APPROVAL

Site Plan approval is valid for one (1) year from the date of approval by the Manager, Development Planning, Heritage and Design. If a Building Permit is not issued during this time, Site Plan approval is void.

A request for extension of Site Plan approval may be made directly to the Manager, Development Planning, Heritage and Design, prior to the lapsing of the one (1) year approval. Written justification for the extension and the required fee shall be provided with the request for extension. The Manager of Development Planning, Heritage and Design will consider the request in light of current requirements and:

May deny the request;

May grant the request; or

May grant the request with revisions or additional conditions.

9. FINANCIAL REQUIREMENTS

The owner may be required to meet financial requirements of the City, such as, but not limited to the following:

- Development charges - contact Building Division, Planning and Economic Development Department;
- Cash-in-lieu of parkland dedication (City) - contact Building Division, Planning and Economic Development Department;
- Local improvement charges - contact Corporate Services Department;

10. CORRESPONDENCE

The agent or applicant must make reference to the application number when the application has been submitted in all correspondence and communications. Response to any inquiries may be delayed without this number.

11. ANCASTER EXISTING RESIDENTIAL “ER” ZONE

11.1 APPLICATION FORM

Submit the application by completing the attached forms, together with the following:

- (a) FIVE (5) copies of a Survey Plan of the site (folded legal size*);
- (b) FIVE (5) copies of site plan (folded legal size*);
- (c) FIVE (5) copies of building elevations (folded legal size*);
- (d) FIVE (5) copies of grading plan (folded legal size*);
- (e) ONE (1) copy of the site plan, building elevations, and grading plan reduced to 11” x 17”;
- (f) ONE (1) electronic copy of all plans and drawings (PDF locked file format);
- (g) ONE (1) electronic copy of all information/reports/documents as outlined in the Formal Consultation Document, if applicable (PDF locked file format);
- (h) ONE (1) electronic copy of the completed application form **without signatures** (PDF locked file format); and,
- (i) FIVE (5) copies of the completed application form with signatures.

***Note: All plans must be folded with maximum size of 8 1/2" x 14" (legal size) and in separate sets with the title block visible in the lower right hand corner of the drawing sheet. Plans will not be accepted if this requirement has not been complied with. Rolled up plans will not be accepted.**

Please provide separate files for all of the required documents/plans and use the following naming convention examples for the electronic files:

- Application.pdf
- Site_Plan.pdf
- Grading_Plan.dpf

11.2 SITE PLAN SECURITIES

For development proposals approved under Section 41 of the Planning Act, the City requires the posting of performance securities, such as a Letter of Credit, to be held against the completion of exterior site development works.

A minimum refundable deposit of \$10,000, in the form of a Letter of Credit or cash, is required to be submitted, prior to the release of the site plan drawings for building permit purposes.

Detailed Cost Estimate

To confirm the amount of the refundable deposit required, complete an itemized cost estimate for 100% of the cost of the exterior works as per the Guide for Estimating Security Requirements (see Schedule “2”). The applicant is to submit the cost estimate for review by the Planning Division. Securities will be required in the amount of 100% of the approved cost of the works.

Note: The required cost estimate is for engineering requirements only. A cost estimate of landscaping security requirements is not required. Please refer to Schedule “2” which is to be used as a guide.

An example of an Irrevocable Letter of Credit is attached as Schedule “3”.

After satisfactory completion of all exterior site works and receipt of all required certifications, the total amount of the security held by the City shall be released.

12. CONTACTS

B. PLAN REQUIREMENTS FOR APPROVAL OF PLANS AND DRAWINGS PURSUANT TO SECTION 41 OF THE *PLANNING ACT*, R.S.O., 1990

1. Survey Plan (metric scale) by O.L.S. showing:

- Net lot area in metric measure
- The property and its bearings, dimensions, stakes, etc
- Location and size of existing watermain, Hydro poles, Bell vaults, etc.
- Location and type of closest existing fire hydrants (information available from the Public Works Department)
- Ancaster “ER Zone - for new dwellings or front yard additions, the front yard setback of the nearest principal dwellings on either side of the lot, that face the same street.

2. Site Location Map

The applicant shall provide a Site Location Map outlining the subject development property in the form of the City Neighbourhood Plan which can be obtained from the Planning and Economic Development Department.

3. Site Plan

Details of Development: (data to be listed on plan)

Net lot Area _____ m²

Building Coverage (max.) _____ m² (for Commercial Dev.)

Gross Floor Area (max.) _____ m² (for Commercial or Apartment Dev.)

Building Height Proposed and Permitted (max.) _____ m (max.) storeys

No. of units (max.) _____ (If Residential)

No. of Parking and Loading Spaces (min.) Proposed and Required

Landscaped Area (min.) _____ m² Proposed and Required

The Site Plan shall show:

- Property boundaries
- Front, side, rear lot lines (designated)
- Location of existing and proposed buildings, hydro poles/vaults, etc.
- Location or outline of existing buildings on adjacent properties
- Location and type of closest fire hydrant, existing and proposed
- Traffic circulation and Fire Route signs (applicant to ensure that the Fire Code requirements of the Ontario Building Code regarding vehicular access and movements are complied with)
- Fire access routes as required by the Ontario Building Code
- *Location and dimensions of all proposed buildings, additions and structures (e.g. 4 m max.)
- *Minimum yard requirements (front, side, rear) (e.g. 6 m min.)
- *Minimum distances between buildings (e.g. 3.5 m min.)
- Parking area layout and ramps showing minimum dimensions. (e.g. 6 m min.; 2.7 m min. - typical)
- All vehicular entrances (widths and radii) and driveways
- Building Blocks to be numbered with number of units, such as:

BUILDING NO. 2
FOUR (4) DWELLING UNITS

- Location of any interior walkways, stairs, escalators, building entrances
- The design must incorporate barrier free access features and designated parking facilities
- Location of any interior amenity areas
- North arrow (The drawing must be oriented to have a vertical north line or as closely as possible)
- Scale (in metric) 1:50; 1:100; 1:200; 1:400; 1:500
- Landscaped areas and location and height of fences, visual/acoustical barriers, retaining walls
- Signs and setbacks from property lines
- Floor area breakdown including basements, cellars and mezzanines
- Floor plans (where applicable)
- Existing vegetation with drip lines
- Road widenings
- Adjacent street names
- Garbage storage and recycling cart areas
- Easements, rights of way, etc.
- Building entrances and exits
- Title block including project name, address, date of issue, professional stamp, etc.
- If the proposed development is to be developed in phases, then the phasing line shall be shown and the Details of Development shall be provided for each phase and total of the proposed development.
- Visibility triangles are required at the intersection of the vehicular access points. The applicant should consult with the Public Works Department, Roads and Traffic Division, regarding the size of the required visibility triangles. The maximum height of any objects or mature vegetation within the visibility triangles is not to exceed a height of 0.60 metres above the corresponding perpendicular centreline elevation of the adjacent street.
- **Ancaster “ER” Zone** – for new dwellings or front yard additions, the front yard setback of the nearest principal dwellings on either side of the lot, that face the same street.

***Note: Please ensure all dimensions are sufficient to allow minor changes as may be necessary**

4. Minimum Grading Information

- A description of the geodetic bench mark used to establish all elevations on the plan must be provided.
- Sufficient existing and proposed elevations/detail on both the subject and adjacent external lands to clearly show the existing and proposed drainage patterns. Drainage should be dealt with internally to the development and the development must not block drainage from the external lands.
- Location of all existing and proposed catch basins, swales, retaining walls, berms, accesses, drainage courses, etc. must be provided.
- Ground floor and minimum basement floor elevations of buildings and units.
- An indication of how the roof leaders of the existing/proposed buildings drain. Either overland or directly to the storm sewer system.
- Preliminary stormwater management detail as applicable must be submitted, i.e. location and types of storage facilities, etc. (shown conceptually)

Note: Incomplete plans will be returned resulting in delays of procedure - please ensure all information is included and all printing is clear and legible.

5. Building Elevations (4 sides of the proposed structures)

- To show the overall design of the proposed structure or ground sign.
- Include elevations of adjacent buildings along the street.
- Front, side and rear elevations of a typical building Block showing generally the material to be used (e.g. brick, wood, concrete block, precast concrete, stucco, etc.) for information purposes. The materials should be noted on the plan.
- The elevations must be complete in showing texture intended for information purposes - (e.g. horizontal lines to show brick course, vertical lines to show wood siding or concrete patterns, stipple tone to show stucco finish, etc.).

***Note: For development in the Ancaster Existing Residential “ER” Zone, building elevations are required to show the overall design of the proposed building or structure, to aid zoning compliance review.**

6. The following notes must be shown on the site plan

A. NOTES ON SITE PLAN

1. All work involved in the construction, relocation, repair of municipal services for the project shall be to the satisfaction of the Director of Planning and Chief Planner, Planning and Economic Development Department.
2. Fire Route Signs and 3-Way Fire Hydrants shall be established to the satisfaction of the City Fire Department and at the expense of the owner.
3. Main driveway dimensions at the property line boundaries are plus or minus 7.5 m unless otherwise stated.
4. All driveways from property lines for the first 7.5 m shall be within 5% maximum grade, thereafter, all driveways shall be within 10% maximum grades.
5. The approval of this plan does not exempt the owner's bonded contractor from the requirements to obtain the various permits/approvals normally required to complete a construction project, such as, but not limited to the following:
 - Building permit
 - Road cut permits
 - Approach approval permits
 - Committee of Adjustment
 - Sewer and water permits
 - Relocation of services
 - Encroachment Agreements (if required)
6. Abandoned accesses must be removed and the curb and boulevard restored with sod at the owner's expense to the satisfaction of the Corridor Management Section, Public Works Department.
7. For visibility triangles at the vehicular access points, the following note to be provided:

“__ metre by __ metre visibility triangles in which the maximum height of any objects or mature vegetation is not to exceed a height of 0.70 metres above the corresponding perpendicular centreline elevation of the adjacent street.”
8. All signs must comply with Sign By-law No. 10-197.

7. Underground Parking Layout (if applicable)

Showing ramps, stairwells, parking spaces for floor or floors of underground parking, as required.

8. Lighting Plan for Public Parking Lots

- Location of all proposed fixtures/lighting poles.
- Type of fixtures including manufacturer's wattage, voltage and lamp type.
- Photometric data or computer printout showing Foot Candle (F.C.) levels.
- Use "IES" Roadway Lighting as guidelines - Table 14-27

"Recommended Maintained Horizontal Illuminances for Parking Facilities", as minimum requirements with an exception to raise the lighting level to 5 F.C. for Hamilton Parking Authority Outdoor Parking Lot.

- Location of adjoining residential building(s).

9. Perspective/Model/or Section

This item is optional for presentation purposes. However, depending on the nature or magnitude of the project, a perspective or section may be required in order to clarify the relationship of the proposed building to adjacent buildings, streets, and exterior areas to which members of the public have access.

The perspective or section should be an architectural rendering of a view of a typical block or building and its proposed setting for presentation purposes. The drawing should be shown within the context of the adjacent lands, if applicable.

¹ Section (b) Revised March 11, 2004

LETTER OF CREDIT POLICY

SITE PLAN SECURITIES

For development proposals approved under Section 41 of the *Planning Act* (Site Plan Approval), the City may require the posting of performance securities, such as Letter of Credit, to be held against the completion of all on-site works (i.e. Landscaping and Engineering).

a. ON-SITE WORKS

There are two alternatives for calculating the amount of the required Letter of Credit for on-site works:

a) Detailed Cost Estimates

Complete an itemized cost estimate for 100% of the cost of the exterior works as per the Guides for Estimating Security Requirements for Landscaping and Engineering (see SCHEDULE "1" and "2").

The applicant is to submit the cost estimates for review by the Planning Division. Securities will be required in the amount of 75% of the approved cost of the works.

An example of an Irrevocable Letter of Credit is attached as SCHEDULE "3 ".

b) Lump Sum Payment

The amount of the Letter of Credit is calculated based on the area and street frontage, and the type of land use. The following formulas shall be used for calculating the value of the required Letter of Credit:

For new development, the amount of the letter of credit shall be based on the following, which may or may not represent 75% of the estimated cost of exterior site works, but in no case shall the amount be less than \$71,820.00:

Residential: \$107,730 per hectare + \$1,235 per metre frontage
Industrial: \$35,910 per hectare + \$415 per metre frontage
Institutional: \$43,095 per hectare + \$925 per metre frontage
Commercial: \$107,730 per hectare + \$925 per metre frontage

For additions, alterations or additional buildings on developed sites, the amount of the letter of credit shall be based on the following, which may or may not represent 75% of the total cost of all site development works, but in no case shall the amount be less than \$35,910.00:

Residential: \$54,380 per hectare + \$620 per metre frontage
Industrial: \$18,470 per hectare + \$210 per metre frontage
Institutional: \$21,550 per hectare + \$515 per metre frontage
Commercial: \$54,380 per hectare + \$515 per metre frontage

b. SECURITY REDUCTIONS / RELEASE RELATED TO ON-SITE WORKS

After satisfactory completion of **all on-site works** and receipt of **all required certifications**, the total amount of the security held by the City shall be released, **except for landscaping which shall be held until June following the end of the first growing season.**

- a. Reductions of security held under Site Plan Agreements are permitted to an amount equal to the total value of the works outstanding, but not less than 10% of the total value of the works required under the Agreement;
- b. Security reductions / releases are dealt with on a request basis;
- c. An administration fee of Three Hundred and Twenty-Five (\$325) + HST is required for each security reduction request;
- d. Reduction / release requests are reviewed and processed by the Growth Management Division upon the production by the Applicant, at the Applicant's sole expense, of an Engineer's Certificate, satisfactory to the Senior Director Growth Management, which indicates:
 - i) a description of what works have been completed;
 - ii) the percentage of the total value of the works under the Site Plan Agreement that have been completed to date; and,
 - iii) that the amount of security remaining with the City is sufficient to cover the remainder of the work required under the Site Plan Agreement.
