

NOTICE OF COMPLETION OLD DUNDAS ROAD SEWAGE PUMPING STATION (HC005) WET WEATHER RELIEF MASTER PLAN AND CLASS ENVIRONMENTAL ASSESSMENT

THE STUDY

The City of Hamilton has completed a Master Plan and Municipal Class Environmental Assessment (EA) study for the Old Dundas Road Sewage Pumping Station (HC005) to determine the preferred alternative to protect homes in the pumping station catchment area from flooding due to excess flows in the sanitary sewer system during wet weather and snowmelt events. The study was conducted in accordance with the requirements for Master Plan projects (Approach 2) as described in the Municipal Engineers Association's *Municipal Class Environmental Assessment* document (as amended in 2011).

Collectively, implementation of upgrades to both Private and Public Properties, in addition to Inline/Offline Storage along Old Dundas Road, will provide a 100 year level of flood protection against basement flooding for the study area. In the unlikely event of multiple concurrent failures of existing and proposed infrastructure, the implementation of an Emergency Overflow will provide a fail-safe to ensure flooding relief to homeowners in the lower reaches of the catchment. Implementation of the Emergency Overflow will require completion of a Schedule "C" Environmental Study Report to evaluate the impacts of any minimally treated sewage discharges to Ancaster Creek as a result of overflows.

Preferred Alternative	Municipal Class Environmental Assessment Schedule
Private Property Works	Not Applicable
Public Property Works	Schedule A
Inline/Offline Storage	Schedule A+
Emergency Overflow	Schedule C

PUBLIC REVIEW PERIOD

A Project File report describing the planning process followed and the conclusions has been completed and has been placed on public record for a review period starting October 17, 2014 and ending November 17, 2014. It will be available for review at:

Location Number 1	Location Number 2	Location Number 3	City Website
Office of the City Clerk 71 Main Street West City Hall, 1 st Floor Hamilton, ON L8R 4Y5 (905) 546-CITY 	Public Works Department 77 James Street North Suite 400 Hamilton, ON L8R 2K3 (905) 546-CITY 	Ancaster Library 300 Wilson Street East Ancaster ON L9G 2B9 905-648-6911 	http://www.hamilton.ca/OldDundasRoadSPS-MP

Please contact the City Project Manager regarding disability accommodation requirements as soon as possible.

PUBLIC COMMENT PROCESS

If after reviewing the document, you have questions or concerns regarding this project, please contact the following staff:

Sharon MacPherson-Németh, B.Tech., C.E.T., PMP

Project Manager
 City of Hamilton
 77 James Street North, Suite 400
 Hamilton, ON L8R 2K3

 Email: Sharon.MacPherson-Nemeth@hamilton.ca

If concerns regarding this project cannot be resolved in discussion with the City of Hamilton, a person or party may request that the Minister of the Environment and Climate Change make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order), which addresses individual Environmental Assessments. The Minister must receive the request in writing by November 17, 2014 at the address below, and a copy must also be sent to the City contact. If no requests are received by this date the City will proceed with this project as outlined in the Project File Report.

Minister of the Environment and Climate Change
 77 Wellesley Street West, 11th Floor, Ferguson Block
 Toronto, ON M4V 2T5
