Part 6: Appeal Specific Information

1. Provide specific information about what you are appealing. For example: Municipal File Number(s), By-law Number(s), Official Plan Number(s) or Subdivision Number(s):

City of Hamilton Zoning By-Law No. 15-172 adopting and approving Official Plan Amendment No. 9 to the Rural Hamilton Official Plan and passing of related By-Law No. 15-173, on 10th day of July 2015 to amend Zoning By-Law No. 05-200 to add new zones

2. Outline the nature of your appeal and the reasons for your appeal. Be specific and provide land-use planning reasons (for example: the specific provisions, sections and/or policies of the Official Plan or By-law which are the subject of your appeal - if applicable). **If more space is required, please continue in Part 9 or attach a separate page.

Please refer to Map 139 mentioned in Appendix B to Report PED 13167 (C) (Page 100 of 185) regarding the aforementioned amendments; thereafter the amendments.

The amendments adversely affect the properties located at land parcel 1413-1417, Highway 8, Winona, Stoney Creek, Hamilton, ON L8E 5K7. Prior to the current amendment the property at the above mentioned parcel was Zoned as HC, RR, and AS - where in HC contains a Gas Station; RR contains a house and AS consists of agricultural woodland. A re-zoning application ZAC-07-077 has been filed in 2008 to the city of Hamilton.

A part of the above mentioned property identified in map 139 has been rezoned as E1 and A1 under the Amendments.

THE FOLLOWING SECTIONS (a&b) APPLY ONLY TO APPEALS OF ZONING BY-LAW AMENDMENTS UNDER SECTION 34(11) OF THE PLANNING ACT.

a) DATE APPLICATION SUBMITTED TO MUNICIPALITY: AUGUST 6, 2015

(If application submitted before January 1, 2007 please use the O1 'pre-Bill 51' form.)

b) Provide a brief explanatory note regarding the proposal, which includes the existing zoning category, desired zoning category, the purpose of the desired zoning by-law change, and a description of the lands under appeal:

**If more space is required, please continue in Part 9 or attach a separate page.

It must be noted that the part of property currently zoned as HC and RR now proposed to become E1 and A1, respectively, is sandwiched between two E1 zoned commercial properties and is adversely affected for residential usage in future due to its close proximity to a Gas station on the right and an industrial workshop on the left. The appellant is working on a plan to remodel the Gas Station located at proposed E1 part of the land parcel in question.

The current E1 part of the land is not enough to allow the Gasoline trucks to safely enter and exit the property. Besides, the property also hosts community mailboxes. Having a wide frontage would allow to expand the parking areas and driveway in the future to allow safe entry and exit for mailbox clients as well as gas station customers. Hence, we appeal to rezone the A1 part of the property to HC / E1 so that the house may be demolished to accommodate a modern Gas Station with a wide frontage; hosting a convenience store, coffee shop may be planned on the extended E1 part of the property, currently proposed to be zoned as A1.

Part 7: Related Matters (if known)

Are there other appeals not yet filed with the Municipality? [ ] YES [ ] NO

Are there other planning matters related to this appeal? [ ] YES [ ] NO

A1 Revised April 2010
(For example: A consent application connected to a variance application)
If yes, please provide OMB Reference Number(s) and/or Municipal File Number(s) in the box below:

1. Re zoning Application ZAC-07-077
2. Municipal application No. FC-14-046

Part 8: Scheduling Information

How many days do you estimate are needed for hearing this appeal? □ half day □ 1 day □ 2 days □ 3 days □ 4 days □ 1 week □ More than 1 week – please specify number of days:

How many expert witnesses and other witnesses do you expect to have at the hearing providing evidence/testimony? 2 or more

Describe expert witness(es)' area of expertise (For example: land use planner, architect, engineer, etc.):

Land Use Planner, Architect, Engineer,

Do you believe this matter would benefit from mediation? YES □ NO □
(Mediation is generally scheduled only when all parties agree to participate)

Do you believe this matter would benefit from a prehearing conference? YES □ NO □
(Prehearing conferences are generally not scheduled for variances or consents)

If yes, why? It will allow the appellant to know if there are related requirements that need to be fulfilled. This may help the appellant to fulfil those requirements or changes in time to accommodate any concerns the city might have to reach. The appellant is willing to work with the city to accommodate their concerns and hence reach an amicable solution.

Part 9: Other Applicable Information **Attach a separate page if more space is required.

The area surrounding the property is rapidly developing due to increased commercial activity and residential density in the neighborhood. A modern Gas Station with convenience store and coffee Shop will greatly improve the image of the Neighborhood. Currently, the gas station cannot operate during rain and snowfall due to the absence of proper operating infrastructure. Besides, in the absence of a canopy the rain fall water runoff from around the pumps might affect the surrounding areas. The conversion of A1 part of the property to E1 would allow to build a modern Gas station expanding horizontally. A horizontal expansion is good from the environmental conservation point of view as well as this will allow the proposed re-construction of the gas station to conserve the green buffer space on the back of the property between the gas station and 50 Mile Creek. The gas station hosts community mail boxes and wider frontage would allow safe operations of the property while ensuring the safety of the clients and the environment.
