2.0 **Location:**

The lands affected by this Amendment are known municipally as 1831 Rymal Road East, in the former City of Stoney Creek.

3.0 **Basis:**

The basis for permitting this Amendment is as follows:

- The proposed amendment will permit a development which is compatible with existing land uses in the immediate area and represents good planning by, among other things, providing for the development of a complete community, enhancing and establishing a streetscape for the neighbourhood while making efficient use of a vacant parcel of land and existing infrastructure within the urban boundary, while preserving, enhancing and / or replicating natural heritage features and linkages, including the Hamilton Conservation Authority requested eco-passage (multi-use) corridor.

- The proposed amendment is consistent with the Provincial Policy Statement, and conforms to the Greenbelt Plan and the Growth Plan for the Greater Golden Horseshoe, as it represents an opportunity for growth in the Settlement Area, in a compact form providing for a range of density and housing forms, where full municipal services, public infrastructure and services are available.
