 - (i) the Manager of Procurement must be advised;
 - (ii) the contracted vendor will be considered a consultant and will not be allowed to make an offer of the supply of the Goods and/or Services;
 - (iii) and where a vendor is retained or is anticipated to be retained to complete preliminary design or development work, Client Departments shall engage the Procurement Section during the preliminary planning stages of the project to determine if follow-on or multi-phase assignments are anticipated and to determine the appropriate competitive procurement process to be used and whether a report to Council is necessary with respect to the project;

The annual estimated procurement value is the cumulative value of a particular Good and/or Service in one calendar year. For multi-year Contracts, the estimated total procurement value over the term of the Contract, including any renewal periods, shall be used as the basis for determining which procurement process and Approval Authority applies.
- (3) It should be the intent of the Client Department to procure Goods and/or Services of like nature as a combined effort.
- (4) Where Provincial and/or Federal Governments impose unique requirements in order to qualify for funding, the City's procurement documents will be amended to include those provisions.
- (5) Where there is an incumbent vendor on a corporate City Contract which is of a highly sensitive nature due to the risk associated with financial loss, confidentiality or the handling of sensitive information, a report shall be forwarded to the applicable standing committee of Council and Council to seek direction on the type of procurement process to be followed for the acquisition of the Good and/or Service.

- (3) Any multi-year Request for Quotations, including any contract with option(s) to extend, issued by the Client Department must be reviewed and approved by the Procurement Section prior to the RFQ being issued. - (7) An authorized online Purchase Requisition shall be utilized to initiate a Purchase Order and/or formal Contract process.

 - (c) where time does not permit the re-issuance of the Request for Tenders in the opinion of the General Manager of the Client Department, and the Request for Tenders is not otherwise being revised, all vendors who submitted a Bid or secured the original Request for Tenders shall be given the opportunity to submit a new Bid. The Procurement Section will communicate to each vendor who previously submitted a Bid, any deficiencies that resulted in its Bid being deemed non-compliant. This process may utilize a post-closing addendum; or
 - (d) where time does not permit the re-issuance of the Request for Tenders, and the Request for Tenders is being revised, all vendors who submitted a Bid or secured the Request for Tenders, shall be given the opportunity to submit a new Bid. The Procurement Section will communicate to each vendor who previously submitted a Bid, any deficiencies that resulted in its Bid being deemed non-compliant. This process may utilize a post-closing addendum. The General Manager of the Client Department shall approve this process prior to implementation.
- (4) Where one or more Bids have been received and are in excess of budgeted funds, the General Manager of the Client Department in consultation with the Manager of Procurement may enter into negotiations with the vendor submitting the Lowest Compliant Bid, where it is agreed that the changes required to achieve an acceptable Bid will not change the general nature of the requirement described in the RFT.

POLICY # 5.4 - Request for Proposals (\$10,000 and greater)

SECTION 4.5.4

- (1) The Client Departments shall utilize all applicable City Contracts and shall otherwise be in accordance with the Procurement Policy.
- (2) For procurements where there are no applicable City Contracts,
 - (a) the Request for Proposals process is to be used for Goods and/or Services with an estimated procurement value of \$10,000 or greater and where comprehensive technical Specifications cannot be fully defined or specified, or when alternate methods are being sought to perform a certain function or service, at the time of the request;
 - (b) the Request for Proposals process must be implemented through Centralized Procurement;
 - (c) the Request for Proposals shall be issued and awarded in accordance with the RFP procedures as determined by the City's Director of Financial Services & Corporate Controller;
 - (d) the Request for Proposals shall clearly set out the evaluation criteria and weightings upon which an award of the Request for Proposals may be made. Subject to minor variations as may be approved by the Manager of Procurement, the evaluation methodologies that may be employed, are:
 - (i) **FIXED PRICE.** The City establishes a fixed dollar value for the award, and the Bids consist of only a technical Bid for that fixed dollar value. The City evaluates the technical Bids received against the evaluation criteria and weightings set out in the RFP. The award shall be made to the highest scoring vendor; or
 - (ii) **PRICE PER POINT.** The evaluation of the RFP will utilize a multi-step evaluation process. The City evaluates the technical Bids received against the evaluation criteria and weightings set out in the RFP. For those technical Bids that successfully meet the benchmark score stipulated in RFP, the City will open the price Bid received. The City will then calculate the price per point for each Bid meeting the technical benchmark score and the award will be made to the vendor with the lowest price per point; or
 - (iii) **COMBINATION OF TECHNICAL AND PRICE SCORES.** The RFP will utilize a multi-step evaluation process. The City evaluates the technical Bids received against the evaluation criteria and weightings set out in the RFP. For those technical Bids that successfully meet the benchmark score stipulated in RFP, the City will open the price Bid received and score the price based on a predetermined calculation set out in the RFP. The price weighting must be a minimum of 25 percent of the technical weighting. Only the General Manager of the Client Department may approve a price weighting of less than 25 percent of the technical weighting. A total evaluation score will be determined by adding the technical score and the price score. The award shall be made to the highest scoring vendor; or

- (iv) **LOWEST PRICED BID MEETING TECHNICAL BENCHMARK SCORE.**
The RFP will utilize a multi-step evaluation process. The City evaluates the technical Bids received against the evaluation criteria and weightings set out in the RFP. For those technical Bids that successfully meet the benchmark score stipulated in the RFP, the City will open the price Bid received. The award shall be made to the vendor who has successfully met the technical benchmark score and has the lowest priced Bid.

Where an evaluation methodology other than the above is proposed, specific Council approval shall be obtained.

- (3) The Procurement Section will facilitate the RFP evaluation process. An evaluation committee will be formed with a minimum of three evaluators and be comprised of at least one representative from the Client Department. The evaluators shall review all compliant Bids against the established criteria, reach consensus on the final rating results, and ensure that the final rating results with supporting documents are kept in the procurement file. The Procurement Section representative shall not participate in the scoring of the Bid;
- (4) All Bids that meet the required terms, conditions and Specifications outlined in the Request for Proposals document shall be evaluated based on the evaluation criteria and weightings, subject to any rights or privileges reserved by the City;
- (5) Any award shall be made in accordance with the evaluation criteria and weightings contained in the Request for Proposals document, subject to any rights or privileges reserved by the City or as otherwise approved by Council.
- (6) When no compliant Bids are received in response to a Request for Proposals, and
- (a) where time permits in the opinion of the General Manager of the Client Department, the Request for Proposals shall be re-issued with the appropriate revisions; or
 - (b) where time does not permit the re-issuance of the Request for Proposals in the opinion of the General Manager of the Client Department, the Request for Proposals is not otherwise being revised, and the non-compliance is associated with the pricing portion of the multi-two step evaluation process, all vendors who have successfully passed the technical proposal requirements of the Request for Proposals shall be given the opportunity to submit a new price Bid only. The Procurement Section will communicate to each of these vendors, any Bid deficiencies that resulted in its Bid being deemed non-compliant. This process may utilize a post-closing addendum.
- (7) Where only one Bid has been received in response to a Request for Proposals and
- (a) is non-compliant; or
 - (b) has successfully passed the technical proposal requirements and the Bid is non-compliant,

the Manager of Procurement in conjunction with the Client Department may proceed to negotiate the changes required to achieve an acceptable Bid, provided that such changes will not alter the general nature of the requirement described in the Request for Proposals.

- (8) Where the Bid being recommended for award is in excess of budgeted funds, the General Manager of the Client Department in consultation with the Manager of Procurement may enter into negotiations with the vendor submitting that Bid, provided that it is agreed by both the City and the vendor that the changes required to achieve an acceptable Bid will not alter the general nature of the requirement described in the RFP.
- (9) Except where another process is approved by the Director of Financial Services & Corporate Controller, the Goods and/or Services shall be procured through a Purchase Order and/or Contract process. Where a formal Contract is necessary, such Contract shall be in a form satisfactory to the City Solicitor.

POLICY # 6 - Unsolicited Proposals

- (4) Where additional consultancy work is required to oversee or administer the additional construction work referred to in subsection (3), and the consultancy services were not issued as a Policy #9 Consulting and Professional Services roster assignment, Policy #10 Emergency - Procurements or Policy #11-Non-competitive Procurement, the General Manager of the Client Department may authorize the payment for such consultancy work and approve any required purchase acquisition documents, including a completed *Construction Contracts Form*.
- (5) The *Construction Contracts Form* shall detail what additional construction or consultancy work was required to address the unexpected circumstances. Such additional work shall not expand the scope of the work but shall have been determined to be necessary in order to deliver the original approved work.

POLICY # 8 - Vendor Performance Evaluation

SECTION 4.8

- (1) At the completion of every Contract for Goods and/or Services of \$100,000 or greater, the Client Department shall complete a *Vendor Performance Evaluation Form*. Such evaluation shall be completed and a copy will be forwarded to the Procurement Section.

- (3) Documented poor performance or non-performance on any City Contract will be used to determine the eligibility of a vendor to continue to provide Goods and/or Services to the City on a current Contract and to determine their ability to participate on future City Contracts. Any vendor may be excluded from a bidding process due to documented poor or non-performance, where in the opinion of the Procurement Sub-Committee or Council, the commercial relationship between the City and such vendor has been impaired .
- (4) The City's Public Works Department shall be responsible for the vendor performance evaluation process with respect to linear construction Contracts issued by that department under Policy # 7 – Construction Contracts in a format which includes feedback from area residents and elected officials.

- (3) The General Manager of the Client Department shall award such works by direct appointment through the applicable roster captain. The applicable roster captain shall ensure that there is a reasonably equitable distribution of the works, based on the total dollar value of the work. This method allows the City to employ a number of different consultants while matching the particular talents of a consultant to the project needs.
