e-mail: [iplanning@hamilton.ca](mailto:iplanning@hamilton.ca)

**Rob Young, P.Geo., MCIP, RPP**  
**Associate Environmental Planner**  
**Amec Foster Wheeler**  
Associate Environmental Planner  
Amec Foster Wheeler  
Tel: (647) 923-7659  
email: [rob.young@amecfw.com](mailto:rob.young@amecfw.com)

**1. Do you feel that the following problem and opportunity statement adequately defines what should be accomplished through this project? Why or why not?**

*The City is taking this opportunity improve Barton Street and Fifty Road in order to:*

- Provide safe, comfortable, accessible and efficient pedestrian and cycling facilities to encourage active transportation and healthier lifestyles within the community;*
- Ensure both commuter and recreational transportation needs are met across all age groups and transportation modes;*
- Improve connectivity between residential areas, schools, work places and other community 'Points of Interest';*
- Improve safety and reduce delays at intersections, including the intersection with the CN Rail and Metrolinx line on Fifty Road, for all vehicles and other modes of transportation;*
- Create an innovative, landscaped, linear green space along the south side of Barton Street to encourage active transportation and provide a buffer between residential communities to the south and employment areas to the north;*
- Plan, and reserve right-of-way, for future implementation of local and rapid transit within the study roadways.*

**2. Are there particular opportunities or deficiencies along Barton Street or Fifty Road which you feel should be addressed through this study?**

---

---

---

---

---

---

**3. What features on Barton Street and/or Fifty Road would you like to see protected or enhanced?**

---

---

---

---

---

---

**4. Once improvements have been made to the pedestrian and cycling infrastructure along Barton Street and Fifty Road, how do you see yourself and/or your family using the corridors?**

---

---

---

---

---

---

**5. This study will be making recommendations to reserve space for future transit uses, as the potential ridership increases along the corridor. Do you currently, or would you, make use of transit services if they were improved along Barton Street and Fifty Road? Please explain.**

---

---

---

---

---

---

6. Are there other ways that you would like to see Barton Street and Fifty Road made more accessible and inviting for a variety of users, including seniors and children?

---

---

---

---

---

Please use the following space to ask any other questions you may have and the Study Team will provide a response within the following weeks. You can also use this space to provide general comments on today’s public meeting or the overall study:
