Notification of Intention to Apply Non-Potable Ground Water Conditions

Dillon Consulting is undertaking a risk assessment for the City of Hamilton along Piers 5 to 8 in the west harbour of the City of Hamilton (see attached map). As part of this process, we are notifying the City of Hamilton of our intention to apply non-potable ground water site condition standards in preparing our record of site condition.

We submit a request for the City of Hamilton to offer input as per O.Reg. 153/04 sec 35(3) a, b, and d. Please contact the undersigned should you have any questions.

Sincerely,

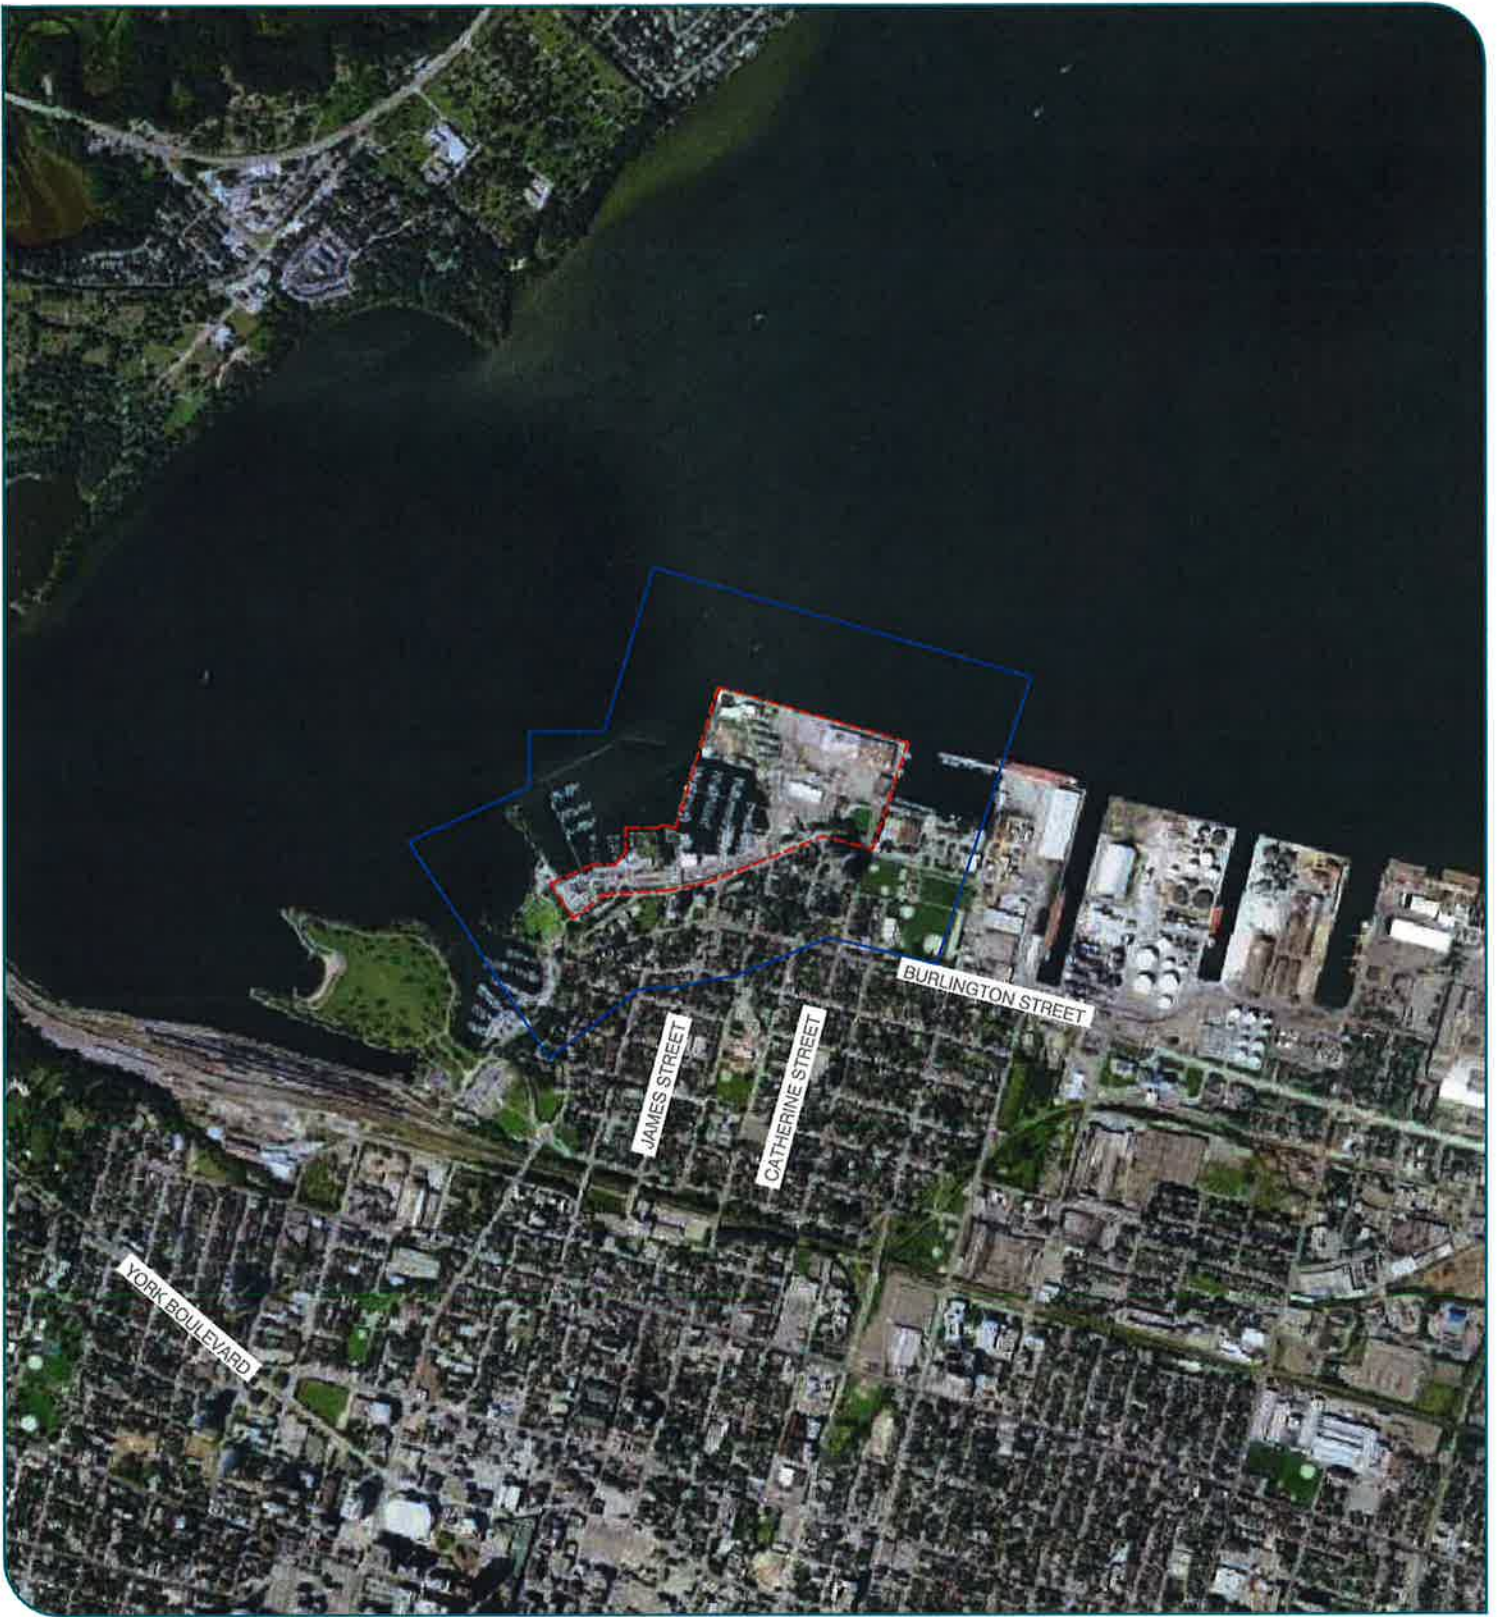

DILLON CONSULTING LIMITED

File No. 15-18

Dillon Consulting
Ms. Renee Recoskie
235 Yorkland Blvd. Suite 800
Toronto, Ontario M2J 4Y8

Dear Ms. Recoskie,

Subject: **Response to notification of Non-Potable Groundwater Conditions**

The notification supplied to the City of Hamilton regarding the intent to apply for a Ontario Records of Site Condition Regulation O. Reg 153/04 at along Piers 5 to 8, West Harbour, Hamilton, Ontario dated 3/7/2016 has been received. In response to your notification we offer the following information:

There are two criteria upon which the Municipality can offer input as per O. Reg. 153/04 Sec 35(3) (a) and (b):

- the property, and all other properties located, in whole or in part, within 250 metres of the boundaries of the property, are supplied by a municipal drinking-water system as defined in the *Safe Drinking Water Act, 2002*; we confirm that services are available for properties within 250m of the site.
- the property is not located in an area designated in a municipal official plan as a well-head protection area or other designation identified by the municipality for the protection of groundwater.

Please be advised that there are other circumstances, such as Environmentally Sensitive Areas (O. Reg. 153/04 Sec 41) that preclude the use of the intended criteria, and further that the City is making no statement in regards to these or other circumstances.

The City of Hamilton cannot offer any other information regarding your notification and urges you to ensure any ground water sources on or near the site are identified and appropriately assessed as part of your investigation.

Thank you,

Martha N. Kariuki, M.Sc., C.E.T.
Project Manager, Source Protection Planning
Hamilton Water, City of Hamilton
