"BACKBONE OF MANUFACTURING"

The Steel Ecosystem

"BACKBONE OF MANUFACTURING"

Why is it critical for our country to have steel manufacturing as a vital part of the supply chain for many associated industries

The Steel Ecosystem

"BACKBONE OF MANUFACTURING"

How will supply and demand for steel rebalance, with and without tariffs or quotas in lieu of tariffs

The Steel Ecosystem

"BACKBONE OF MANUFACTURING"

What best practices need to be in place for a highly advanced, technically skilled, state of the art steel ecosystem that attracts the best and brightest people to establish lifelong careers in Hamilton

The Steel Ecosystem

"BACKBONE OF MANUFACTURING"

What is the role of Federal,
Provincial and Municipal
governments to ensure the viability
of our steel industry as a
contributor to the quality of life
in our society
