

# TRAFFIC SIGNAL BOX WRAPS **PUBLIC ART PROJECT**

## **Single Traffic Signal Box Wraps**

### **Call for Artists**

### **CLARIFICATION 03**

Wednesday June 12<sup>th</sup>, 2019

This Clarification shall be considered part of the Call for Artists document.

Please note: the City has made available two (2) Photoshop pdf files of the Traffic Signal Box Artist Sketch Layout drawings to assist artists in conceiving, formatting and submitting their artwork. The first file, Layout 01, presents all box sides flush to one another, enabling artists to more easily visualize how their art will wrap the box. The second file, Layout 02, presents all box sides per Appendix C/Clarification 01, to enable artists to more easily layout and trim their artwork. This is also the required layout for submission. Per Section 6.1.1. of the Call for Artists, images should be provided in JPEG format at a minimum resolution of 300 dpi.
