City Enrichment Fund

Environment Program Handbook

Objective
The Environment program area invests in action-oriented initiatives that:
- Protect, rehabilitate, or enhance the natural environment
- Provide residents and visitors to Hamilton with access to natural spaces
- Reduce greenhouse gas emissions
- Address the challenges and/or build resilience to the impacts of climate change
- Strengthen the local environmental sector or local environmental organizations

All programs funded through the Environment Program will support Hamilton’s community vision, Our Future Hamilton. Learn more about Our Future Hamilton.

There are two active streams within the Environment Program:
- Capacity Building
- Projects & Programs

Total funding received from all sources within the City of Hamilton cannot exceed 30% of the project budget. Maximum funding levels in each stream apply. Funding amounts for individual grants are dependent on the City Enrichment Fund budget amount of money approved by Council for the current budget year.

Note: Audited financial statements are required for grant requests greater than or equal to $30,000. Unaudited financial statements or balance sheets will be accepted for grant requests lesser than $30,000.
How to apply for a grant:

- Read the City Enrichment Fund Guidelines and the Environment Handbook for details about the program, stream objectives, eligibility and criteria.
- Refer to the Environment Program Application section on pg. 9-14 of this handbook to review the expectations for each question.
- Attend an optional workshop led by program staff to learn more about the City Enrichment Fund and Environment Program area guidelines.
- Create an organizational profile and submit application(s) online at: https://cityofhamilton.smapply.io/
- Upload all relevant attachments. Use the checklist on pg. 13-14 of this handbook to confirm that you have submitted all attachments.
- Provide any additional information to program staff as requested throughout the application and adjudication/scoring process.
- Returning applicants must submit the final report from their most recent year of CEF funding before receiving further funding for the program.
Capacity Building Stream

**Objective**
To strengthen the relevance, responsiveness, effectiveness and resilience of Hamilton’s environmental organizations.

**Description**
The Capacity Building funding stream provides grants to environmental organizations to support capacity building strategies, organizational development projects, and professional development programs with a view to building administrative and management capacity.

**Capacity Building Guidelines**
These guidelines are in addition to the general City Enrichment Fund guidelines and eligibility criteria.

  - Provide information on new expense items  
  - Provide notes for variances between columns B and C (i.e. Anticipating an increase of external consultant’s hourly rate) |

### In-kind

Provide the estimated volunteer hours and value of other in-kind contributions. The total in-kind value will automatically be reflected on the program revenue.

### After you apply

- CEF staff will contact you by email or phone to confirm the details in your application and ensure your application is complete.
- If your application receives a passing score (above 60%), your score and recommended level of funding will be presented to the City of Hamilton Grants Sub-Committee for review and approval in spring 2020.
- You will receive confirmation of funding by email. The email will include instructions to receive your funding and a timeline of when funds will be released.
• CEF funding must be used in the same year that it is awarded.
• You must acknowledge the City of Hamilton’s support through CEF in your program materials and promotion.
• You must complete a Final Report and submit it to CEF staff by February of the following year. A template will be provided by CEF staff after you have received confirmation of funding. In the Final Report, you are required provide the following information:
  o The anticipated vs. actual program budget
  o Examples of any marketing materials, supporting documents, photos, etc. that help tell the story of your initiative and its impact
  o The measurable outcomes and measures included in your application. You must report on how your initiative achieved this goal by describing the direct or indirect impact of your program or project on your organization or the community.
  o Describe any unanticipated changes made to the delivery or implementation of the program
  o Describe your learnings from this initiative and provide recommendations to improve this initiative if you were to initiate it again, or if you were going to provide advice others considering a similar initiative.
• Organizations that do not provide complete Final Report(s) for each program that receives CEF funding will not be eligible to apply for future CEF grants.
