### About Us

The St. Leonard's Day Reporting Centre is an outreach support service helping individuals involved in the criminal justice system through the provision of crisis intervention services, resource referral services and addiction and mental health support.

### Crisis Intervention Services Pilot

- Crisis intervention for individuals identified by the drug treatment collaborative as target demographic in need of service provision
- Preliminary assessment of needs
- Resource referral services to address chronic systemic issues including substance use, homelessness, poverty etc.
- Development of immediate actionable intervention management plan

### What We Offer

#### ONSITE SERVICES AT COURTHOUSE

- Mental Health and Addiction Specialist available onsite for immediate response and support services

#### ACCESS TO THE DAY REPORTING CENTRE

- Client access to the Day Reporting Centre for development of actionable intervention plan. Supervised access to internet and access to telephone for local calling

#### REFERRAL SERVICES

- Resource mapping and referral services for mental health, addiction and emergency housing needs.
Vision

We aspire to a community where all people have value and the capacity to change.

Values

- We promote social justice and social responsibility
- We inform and promote awareness of the need for community corrections
- We promote and deliver evidence based practices, programs and services
- We develop collaborative relationships with clients, staff, community and other providers
- We ensure accountability through open and transparent operations, evaluation and responsible leadership
- We treat our clients and community with dignity and respect
