

## NOTICE OF STUDY COMPLETION AND PUBLIC REVIEW PERIOD

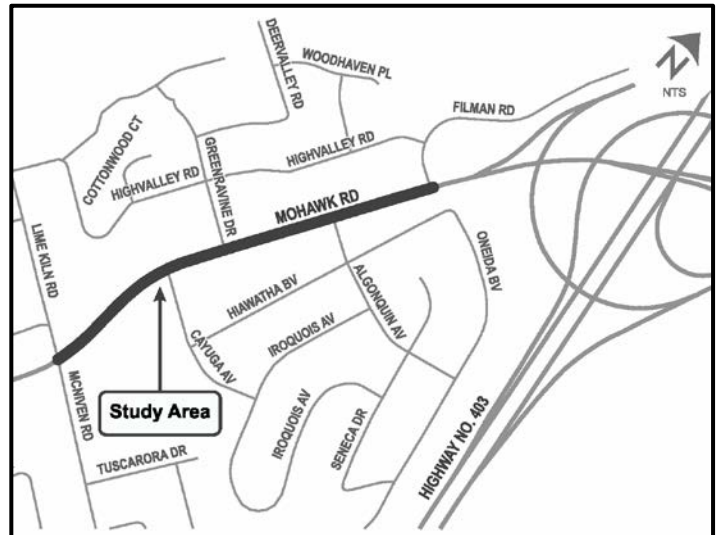

### Mohawk Road (McNiven Road to Hwy 403) Municipal Class Environmental Assessment

#### THE STUDY AND PROCESS

The City of Hamilton has completed a Municipal Class Environmental Assessment (EA) to address transportation issues along Mohawk Road (McNiven Road to Highway 403). The road improvements have been planned as a **Schedule C** Project under Municipal Engineers Association Class Environmental Assessment (EA), (October 2000, as amended 2007, 2011 and 2015). Phases 3 and 4 of the process have been completed.

The recommended alternative is **Design**

**Option 4A** – three-lane cross section (one through lane in each direction and a two-way-left-turn lane) with a boulevard multi-use path on the north side. A sidewalk will also be included on the south side from McNiven Rd to Algonquin Ave. This option provides the best balance of improving active transportation facilities along Mohawk Road and minimizing impacts to mature trees.
