

# Be a Water Saver!

Did you know that out of all of the water on our planet, only 1% is available for us to use? You can help protect our water sources by following these water-saving tips!

## TOILET

Don't flush garbage!  
Only the the 3Ps  
should be flushed -  
pee, poo and toilet  
paper!

**SHOWER**  
A short shower uses  
much less water than  
a bath!

**WASHING MACHINE**  
Only wash your  
clothes when there's  
a full load!

## SPRINKLER

Don't water the lawn during  
the day! The sun will dry up a  
lot of the water.
