Did you know that out of all of the water on our planet, only 1% is available for us to use? You can help protect our water sources by following these water-saving tips!

**Toothbrush**
Remember to turn the tap off while you brush your teeth!

**Toilet**
Don’t flush garbage!
Only the the 3Ps should be flushed - pee, poo and toilet paper!

**Shower**
A short shower uses much less water than a bath!

**Sprinkler**
Don’t water the lawn during the day! The sun will dry up a lot of the water.

**Washing Machine**
Only wash your clothes when there’s a full load!
