

SOCCER CLUB

RE-OPENING GUIDELINES

Updated: July 2, 2020

The guidelines below are meant to provide a basic outline for soccer clubs that rent municipal sports fields to follow in crafting their own protocols. Ontario Soccer has provided a comprehensive set of measures and it is recommended that all clubs that provide soccer programming review the Ontario Soccer Return to Play Guide (available at <https://www.ontariosoccer.net/page/show/5787197-return-to-play-guide>)

1. Physical / social distancing

- a. Players, staff, volunteers, coaches, and spectators must be 2 metres apart at all times, including while waiting for field time, during play, and celebrations (e.g., no high fives or hand shakes);
- b. Where possible, one gate or area should be used to enter and another to exit the field (or wait in cars until previous group has left the field);
- c. Adhere to provincial gathering limits at all times (e.g., Phase 2 of Reopening Ontario allows for groups of 10, providing 2m physical distance is maintained);
 - i. Clubs will be allowed to have a maximum of two groups of 10 on all 11v11 regulation multi-sport fields.
 - ii. All other municipal fields (e.g., 9v9, 7v7, mini) may only have 10 people per asset at any given time;
- d. During Phase 2, sports fields are only to be used for training purposes (e.g., no games, scrimmages or tournaments);
- e. Remove all tables and chairs from common areas to discourage congregating.

2. Access

- a. Athletes, volunteers, and coaches, spectators must not visit the facility if they are exhibiting any symptoms as indicated in the following:
<https://www.hamilton.ca/sites/default/files/media/browser/2020-06-04/passive-screening-sign.pdf>
- b. If an individual has symptoms of COVID-19, they should be told to self-isolate at home, encouraged to complete Ontario's self-assessment tool <https://covid-19.ontario.ca/self-assessment/> and to call their primary care provider or Telehealth Ontario (1-866-797-0000) or Public Health Services (905-974-9848) for an assessment; and
- c. Public Health will provide advice regarding any other measures that the club or setting may need to take to reduce the risk of transmission.

3. Cleanliness and Hygiene

- a. Have a plan for sanitizing all high touch surface areas (e.g., gates, benches) upon arrival at the field;
- b. Make readily available hand sanitizer to encourage hand hygiene; and
- c. Forbid sharing of personal items (e.g., chairs, towels, etc.), except amongst household members.

4. Communication

- a. All members must be contacted before re-opening re: guidelines and if any new guidelines are introduced.

5. Record Keeping

- a. A record of ALL visitors (including players, staff, volunteers, coaches, and spectators) must be kept (preferably using an online tool) to assist Public Health in the investigation of a positive case of COVID-19.
