## **COMMUNITY ENGAGEMENT**

### **2021 CEF Equity, Diversity and Inclusion Survey Results**

The City Enrichment Fund sought feedback from the general public, previous/current grant recipients and community stakeholders on ways to better consider, reflect upon and improve on equity, diversity and inclusion (EDI) within the City Enrichment Fund.

Objective of the survey: Results to be used in future planning, decision-making, and resource allocation to further equitable outcomes across the fund.

Community input was received via SurveyMonkey:

**Time Period: November 22<sup>nd</sup>, 2020 to January 15<sup>th</sup>, 2021**

**Number of Respondents: 241**

The survey was open to current, past CEF grants applicants and to the entire Hamilton community. The focus of the survey was to assess EDI in the fund and understand opportunities for growth, in order to evolve and ensure that the overall granting process is more transparent, fair and equitable for all.

Survey questions focused on: demographic data; accessibility and inclusion; awareness of the fund in the broader community; filters of inclusion; general thoughts and feelings regarding the fund as it pertains to addressing diversity, equity, and inclusion.

## EDI SURVEY SWOT ANALYSIS

### Strength

- Online Application Process
- Accessibility & Inclusion
- Individual Program Area Support
- Grant Mandate
- Scoring Based Application System

### Weakness

- Length of Application Process
- Ability for New Applicants Accessing Funds
- Barriers – Systemic/Financial
- Internal consistency-staff changes
- Base funding

### Opportunity

- Capacity Building (Internal/External Policies & Processes)
- Marketing of Grant
- Reaching out to more grassroots organizations
- Increase in applicants – Yearly growth
- Further Community Engagement

### Threat

- Market demand and changes
- Lack of funding caps in operating-based groups
- Availability of funds for new groups
- Historic Nature of Fund

Program Specific EDI Opportunity: Respondents identified the need to better reflect EDI in;

Arts (44%),	Sports & Active Lifestyle (18%)
CCH (30%)	Agriculture (16%)
Community Services (24%)	Environment (13%),

*\*Only 112 out of 241 respondents answered this question*

This indicates that though there is actually a lot of good work being done across the fund as a whole, we still have ample opportunities for improvement within the individual streams due to the uniqueness of the streams in the program areas.

The survey initiated the work to further understand and gain awareness of the types of diversity within and across funding groups, and the context in which diversity, equity, and inclusion play out for our applicants, program areas and the fund as a whole.

### **Next Steps**

Based on this community input and feedback, a more robust breakdown would be welcome to enhance EDI to build upon an already robust and expanding grant program to;

**1. Identify EDI Framework:**

Survey results to inform an EDI framework

- Further in specific areas; community engagement, focus groups, etc.

**2. Areas Opportunities for Improvement:**

- PM managers will go through results to see what can be improved

Areas to look into and action would be to increase Capacity Building across the funds in the following ways:

### **Possible Capacity Building Opportunities:**

In 'our community' – Community Empowerment (Workshops, training and added materials and resources).

In 'our policies & practices - Long-term Stability (Stream Funding Caps, CEF Guidelines, etc.)

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

In 'our processes' – Equity as a principal in CEF processes (Adjudication Process Consistency across the fund, etc.)

In 'our people' – Further community engagement (Engagement Tools such as PRISM, Information sharing, etc.)

Under the Priority of Equity, Diversity and Inclusion, each resident is different and may require differential treatment to prevent and reduce systematic and social inequalities. The principle of equity acknowledges and recognizes that there are historically and systematically underserved and underrepresented populations. This may be true within the fund as well and the recommendation would be an overall focus on capacity building in various areas across the fund.

**Engage with the Equity, Diversity and Inclusion Steering Committee and align priorities with the City of Hamilton's EDI framework**

Staff are working alongside the City's EDI Steering Committee to ensure alignment every step of the way; by attending Steering Committee meetings, sharing information and staying consistent to wording used as it pertains to EDI in the City Enrichment Fund.

In creation of messaging and wording to community groups, working definitions were adopted from the City's HR draft handbook provided on the City's website, which included:

*Equity* – fair and respectful treatment of all people

*Diversity* – recognize and respect everyone's unique qualities and attributes

*Inclusion* – that all individuals feel respected, accepted and valued

There are many EDI initiatives taking place in and CEF is committed to growing in accordance with the City's strategic alignment.
