Rymal Road Municipal Class EA

Notice of Study Commencement and Public Information Centre (PIC) #1

The Study

The City of Hamilton has initiated a Municipal Class Environmental Assessment (EA), Schedule C process to develop and assess alternative solutions to improve transportation along Rymal Road (Upper James Street to Dartnall Road) (map below) during the scheduled reconstruction. The EA will assess options to improve traffic, pedestrian and cyclist access, and stormwater management throughout the corridor. This stage of the study will review the problem/opportunity statement, the alternative solutions and the preferred solution. A second PIC will be held at a later date to review the project’s alternative designs and the associated evaluation process.

Process

This project is being carried out as a Schedule C project under the Municipal Engineers Association Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011, and 2015).

How to Participate

<table>
<thead>
<tr>
<th>Review Materials Anytime</th>
<th>Join the Virtual PIC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Visit the project webpage anytime from March 22nd to April 19th to view the information display panels. A comment form will be available until midnight on April 19th. Following the live event, a video recording of the presentation will also be posted. Materials are available 24 hours a day, 7 days a week.</td>
<td>There will be a live virtual meeting held on Tuesday, March 29, 2022 from 6:00pm to 8:00pm. The project team will provide an overview presentation of the project and will be available to answer questions. The event will be held using the Webex Event program where individuals can participate online or by phone.</td>
</tr>
<tr>
<td>The project website is: <a href="http://www.engage.hamilton.ca/RymalEA">www.engage.hamilton.ca/RymalEA</a></td>
<td>Pre-registration is required and can be done at the below website: <a href="http://www.engage.hamilton.ca/RymalEA">www.engage.hamilton.ca/RymalEA</a></td>
</tr>
</tbody>
