City of Hamilton – Design Review Panel
Staff Project Summary Sheet

**Project Data**

**Project address:** 999 Upper Wentworth, Hamilton

**Applicant/Agent:** The Cadillac Fairview Corporation Limited

**Brief description of the project:**
The applicant proposes to demolish the former Sears department store and replace with 9,290 square metres of retail space. The proposal also includes two 12-storey residential towers with about 320 dwelling units located along the northern edge of the property. A parking structure accommodating 350 stalls on two levels and amenity space on the top level is located between the retail space and residential buildings.

The subject lands are located within a Design Priority Area (Large scale project) and review by the Design Review Panel is required to inform a Site Plan Control application.

**Brief description of existing and planned context:**

The subject property is located on the north side of the Lincoln M. Alexander Parkway and east of Upper Wentworth Street. The site currently contains the Lime Ridge Mall, which is a two level shopping mall surrounded by surface parking.

Surrounding land uses include:

- **North** – retail and office uses at various scales, followed by high and low density residential and institutional uses.
- **East** – utility corridor followed by a low-density residential community.
- **South** – Lincoln Parkway followed by T.B. McQuesten Community Park and a low-density residential community.
- **West** – retail and office uses along Upper Wentworth St with low-density residential located near Mohawk Rd.
